Job Site Address: \_\_\_\_\_

Contractor Name: \_\_\_\_\_

Permit #: \_\_\_\_\_

Is Asbestos Material Present in the structure to be demolished/ renovated?      YES    NO

If you answered "Yes" to the above question you are required to contact Yolo/Solano Air Quality Management District at (530) 757-3650, or (800) 387-3650.

Environmental Protection Agency Regulations apply to the removal of 80 square feet or more of asbestos containing materials. For further information contact the EPA at (415) 974-7551.

To the best of my knowledge, the work to be performed as authorized pursuant to the permit(s) for this project will not disturb 100 square feet or more of surface area of asbestos containing material. I understand that Section 7058.5 of the California Business and Professions Code requires that the removal of 100 square feet or more of surface area of asbestos containing materials must be done by parties properly licensed and certified to perform asbestos related work.

I, THE UNDERSIGNED, CERTIFY UNDER PEANALTY OF PURJURY THAT THE ABOVE INFORMATION IS TRUE AND CORRECT.
