## Fly Fishing Rod and Reel

- Rod:** Scott "Alpha" (dark Gray color), 9 feet,  
5-weight, 3-piece
- Reel:** White River
- Line:** Yellow, floating

### **Where and When:**

Around 2:45pm on Sat, Nov 5, I had the rod leaning against the passenger side of my car in the parking lot nearest the main boat launch here at Lake Solano. Unfortunately, I accidentally drove off and, when I returned about an hour later, it was gone.

### **Personal Meaning:**

The rod was the first I ever bought and the reel was a Christmas gift for my daughter. So, they both have a personal meaning.

### **Reward:**

I'll give \$75 to whoever returns the rod and reel.

### **Contact:**

If you find the rod or know where it is, please call or text Matt at 916-947-0557.
