

# SERVICES AND INFORMATION

## CART/BIN SET OUT

Carts and Bins must be curbside or prepared for service by **5 a.m.** on scheduled pickup day. Lids must be closed, and area around cart or bin free of debris. Please ensure bins are not blocked on pickup day.

## CARDBOARD

Cardboard boxes must be broken down before setting out for disposal.

## HAZARDOUS WASTE DISPOSAL

Household hazardous waste is any product labeled toxic, poison, corrosive, flammable, combustible or irritant. HHW items include paint, batteries, oil, and pesticides. HHW is accepted monthly (Friday and Saturday) at the Yolo County Landfill. Please visit [yolocounty.org](http://yolocounty.org) or call 530-666-8856 for specific dates and information.

## CONTAMINATION and OVERAGES

Materials must be properly sorted and fit inside carts and bins with enough room to allow the lid to close. Carts and bins with excess materials or the wrong materials in the wrong container could result in fines for the account holder. Excess and erroneous materials in containers present environmental, service and safety risks.

Waste Management offers free waste assessments to ensure you are maximizing your disposal options at the lowest possible rate. Contact us today to schedule an assessment.

# RECYCLING MANDATES

California law requires certain commercial businesses and multifamily properties to have recycling collection services. We've made it easy to see if your property is required to provide these collection services.

## ORGANICS RECYCLING (AB 1826)

Businesses that generate at least four **(4) cubic yards of organic waste per week**, including food scraps and yard trimmings, are required to have organics recycling service.

Multifamily properties with five (5) or more units that generate four (4) cubic yards of yard waste per week must have yard waste recycling service, unless otherwise noted by local jurisdiction.

**January 1, 2019** - Business and multifamily properties generating four **(4) cubic yards of solid waste** must have organics recycling service.

## RECYCLING (AB341)

Businesses that generate at least four **(4) cubic yards of solid waste per week** and multifamily properties with five units or more are required to recycle. You can sign up for recycling collection services from Waste Management to meet this requirement.
