## PRESENTATIONS

Police Chief John Miller gave a detailed power point presentation that reviewed “what it takes to become a Police Officer (and how much it costs) and why!” City Manager Donlevy said a good organization has been created and the City is supportive of the people who work there. With Chief Miller, the focus has been on creating opportunity. Winters may not pay as much as other agencies, but the quality of the environment is desirable. Chief Miller said the last recruitment was done by word of mouth and two very good candidates were hired, Officers Barajas and Cueto, adding that personal recommendations go a long way. Council was interested to know what is being done to retain the officers that are hired. Chief Miller said training, specialized patrol (bicycle, hostage negotiator), equipment, and new uniform specs promote professionalism. Being a high quality agency goes a long way with the starting salary at approximately \$70K/year. The department currently has 11 officers, 1 detective, a cadet program for youth 16 years of age or older, which is being managed by Officer Pinette. Council thanked Chief Miller for his presentation.

Luz Robles of the Sacramento-Yolo Mosquito & Vector Control District gave a power point presentation and said it's too early to tell what kind of mosquito season it's going to be. Mosquito control is based on science and the goal is to try and control mosquitos while they are still in water. There was no West Nile Virus activity in Winters last year, although there were 536 confirmed human cases within California, with 44 fatalities. The SYM&VCD has aerial surveillance looking for green pools, which can produce up to 1 million mosquitos. Mosquito fish added to the pool can drastically reduce the mosquito population - one fish can eat between 200-300 larvae per day and are self-sustaining. Council Member Loren said mosquito protection would be needed for the Festival de la Comunidad on September 29th. Luz encouraged everyone to practice the District's 7 D's of mosquito prevention: Drain standing water, Dawn & Dusk are the times to avoid being outside, Dress appropriately, Defend yourself with repellent, Door and window screens should be in good working order, and finally, District personnel are available to address any mosquito problems. Mayor Cowan thanked Luz for the educational presentation.

City Manager Donlevy gave a brief overview and introduced Petrea Marchand, Executive Director of the Yolo Habitat Conservancy, and Heidi Tschudin, Contract Land Use Planner and Project Manager.

Petrea gave an overview and identified the twelve covered species that will benefit from the conservation measures of the plan, where one permit/one fee will cover all twelve species. She also spoke about the conservation measures that will mitigate the impacts of covered activities and provide for the conservation of covered species and also reviewed the specific elements of the conservation strategy. Petrea also said they had responded to 31 comments during the 90-day comment period.

Heidi gave a brief overview of the actions to be taken tonight by Council. Once action has been taken, the Notice of Determination will be filed with the Yolo County Clerk/Recorder and be posted for 30 days.

Mayor Cowan opened the public hearing at 7:02 p.m. and closed the public hearing at 7:02 p.m. with no comments. Heidi said once the permits are received from all member agencies (Yolo County and the Cities of Winters, Woodland, West Sacramento and Davis), the implementation of the plan can begin. Mayor Cowan asked when a handbook will be available and Petrea said toward the end of June or into July as the materials are being drafted following each member meeting.

Mayor Cowan said both Petrea and Heidi deserve a lot of credit for getting this done, Council Member Loren thanked them for their amazing work, and Council Member Biasi asked if they had received any pushback from the State or Feds. Petrea said they had not. She also said she's part of a great team, the member

staff and board who have all done a lot of good work. There is a much larger group that deserves credit for this accomplishment.

## I. OVERVIEW

---

### A. Introduction

The City of Winters (“City”) annually levies and collects special assessments in order to maintain the improvements within the City of Winters City-Wide Maintenance Assessment District (“District”). The District was formed in 1993 and is annually levied pursuant to the *Landscape and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (“1972 Act”). The boundary of the District is coterminous with the City limits.

This Engineer’s Annual Levy Report (“Report”) has been prepared in accordance with the provisions of *Chapter 3, Section 22622* of the 1972 Act. This Report describes the District, the improvements therein, any annexations or other modifications to the District including any substantial changes to the improvements, the method of apportionment, the boundaries of the District, and financial information including the district budgets and proposed annual assessments for Fiscal Year 2018/2019. The proposed assessments are based on the historic and estimated costs to maintain the improvements that provide a special benefit to properties within the District. The costs of improvements and the annual levy including all expenditures, deficits, surpluses, revenues, and reserves are assessed to each parcel within the District proportionate to the parcel’s special benefits.

For the purposes of this Report, the word “parcel” refers to an individual property assigned its own Assessment Number by the County of Yolo Assessor’s Office. The County of Yolo Auditor/Controller uses Assessment Numbers and specific fund numbers to identify properties assessed for special district benefit assessments on the tax roll.

Pursuant to *Chapter 3, beginning with Section 22620* of the 1972 Act, the City Council shall conduct a noticed annual public hearing to consider all public comments and written protests regarding the District. Following the annual public hearing and review of the Engineer’s Annual Levy Report, the City Council may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments contained therein, the City Council will by resolution: order the improvements to be made and confirm the levy and collection of assessments pursuant to *Chapter 4, Article 1, beginning with Section 22640* of the 1972 Act. The assessment rate and method of apportionment described in this Report as approved or modified by the City Council defines the assessments to be applied to each parcel within the District for Fiscal Year 2018/2019.

The assessments as approved will be submitted to the County Auditor/Controller to be included on the property tax roll for each parcel within the District. If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County. The assessment amount to be levied and collected

for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate contained in this Report as approved by the City Council.

## B. Applicable Legislation

The District has been formed and is annually levied pursuant to the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, beginning with Section 22500*. The assessments and methods of apportionment described in this Report utilize commonly accepted assessment engineering practices and have been calculated and proportionately spread to each parcel based on the special benefits received.

### **Compliance with the California Constitution**

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the *California Constitution Article XIID ("Article XIID")*, which was added to the California Constitution with the passage of statewide Proposition 218 in 1996.

In compliance with the substantive and procedural requirements of *Article XIID*, the City initiated and conducted a property owner Validation Vote. At the conclusion of the Public Hearing on June 3, 1997, all property owner ballots returned were opened and tabulated and confirmed in resolution 97-24. The maximum assessment rate of \$82.50 per Equivalent Residential Dwelling Unit and \$26.25 per Non-Residential parcel was approved by the majority of property owners in the District. Any assessment rate levied that is less than the maximum assessment rate is considered an exempt assessment pursuant to *Article XIID Section 5(b)*. The proposed assessment for any fiscal year may be increased over the previous fiscal year provided the assessment rate does not exceed the maximum assessment rate of \$82.50 per Equivalent Residential Dwelling Unit and \$26.25 per Non-Residential parcel. Any proposed new or increased assessment that exceeds the current maximum assessment shall comply with all provisions of *Article XIID Section 4* including a property owner protest proceeding (property owner assessment balloting).

### **Provisions of the 1972 Act (Improvements and Services)**

As generally defined, the improvements and the associated assessments for any District formed pursuant to the 1972 Act may include one or any combination of the following:

- 1) The installation or planting of landscaping.
- 2) The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- 3) The installation or construction of public lighting facilities, including, but not limited to streetlights and traffic signals.

- 4) The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof; including but not limited to, grading, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- 5) The installation of park or recreational improvements including, but not limited to the following:
  - a) Land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks, and drainage.

  - a) Repair, removal, or replacement of all or any part of any improvements;
  - b) Grading, clearing, removal of debris, the installation, repair or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
  - c) Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury;
  - d) The removal of trimmings, rubbish, debris, and other solid waste;
  - e) The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.
  - f) Electric current or energy, gas, or other agent for the lighting or operation of any other improvements.
  - g) Water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.
- 7) The acquisition of land for park, recreational or open-space purposes, or the acquisition of any existing improvement otherwise authorized by the 1972 Act.
- 8) Incidental expenses associated with the improvements including, but not limited to:
  - a) The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
  - b) The costs of printing, advertising, and the publishing, posting and mailing of notices;
  - c) Compensation payable to the County for collection of assessments;
  - d) Compensation of any engineer or attorney employed to render services;
  - e) Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements; and,
  - f) Costs associated with any elections held for the approval of a new or increased assessment.

## II. DESCRIPTION OF THE DISTRICT & IMPROVEMENTS

The location, boundaries and specific improvements provided within the District are described in this section. The determination and calculation of special benefit is discussed in the Method of Apportionment and the corresponding expenses, revenues and assessments are summarized in the District Budget.

### A. The District

The boundary of the District is coterminous with the City limits. The City is located in the southwestern corner of Yolo County. The southern boundary of the City is Putah Creek. The City is bordered to the west by Dry Creek and a view of the Vaca Mountain Range. The eastern limit is Highway 505 while the northern boundary runs to vast tracts of farmland. The City is approximately 10 miles west of the City of Davis and 10 miles north of the City of Vacaville. Winters' urban limit line contains approximately 1,980 acres, of which 1,277 are currently within the incorporated limits.

The principle highways near the City are Interstate 505 and State Highway 128. I-505 forms the eastern boundary of the City limits and connects to Interstate 80 ten miles to the south and Interstate 5 twenty-three miles to the north. State Highway 128 passes directly through the City and is a major access route from Sacramento and Davis to Lake Berryessa and the Napa Valley.

### B. The Improvements

All improvements within the District are maintained and serviced on a regular basis. City staff will determine the frequency and specific maintenance operations required. The District assessments may fund all necessary utilities, operations, services, administration and maintenance costs associated with the improvements. The annual costs of providing the improvements within the District are spread among all benefiting parcels in proportion to the benefits received. The expenditures and assessments set forth in this report are based upon the City's estimate of the costs associated with the improvements including all labor, personnel, equipment, materials and administrative expenses.

The following is a brief description of the improvements to be maintained and operated:

1. City Park, Rotary Park, Valley Oak Park, Blue Oak Park (formerly Putah Creek Hamlet Park), Winters Highlands Park (upon dedication and construction), and the grounds of City Hall and the Community Center:

includes maintenance of sidewalks, curbs and gutters, walkways, trees, shrubs, groundcover, grass, irrigation system, park lighting, play equipment and structures, ball fields, fencing, restrooms, drinking fountains, benches, tables, drainage facilities, slopes, signs, parking lot and street frontage improvements, and other related improvements and facilities.

2. Street Lighting: street, park and trail lighting within the entire District.
3. Median Island Landscaping: public landscaping and irrigation improvements in the median islands within the District.
4. Curbside Landscaping: public landscaping and fencing, behind the curb on collector and arterial streets, where the street is not fronted by a residence or business.

### III. METHOD OF APPORTIONMENT

---

#### A. General

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

In addition, pursuant to the *Article XIID Section 4*, a parcel’s assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel and provides that only special benefits are assessable and the District must separate the general benefits from the special benefits.

#### PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each

identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the existing City-Wide Maintenance Assessment District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either “general benefit” (not assessed) or “special benefit”.

## **B. Benefit Analysis**

Each of the improvements and the associated costs have been carefully reviewed by the City and the corresponding assessments have been proportionately spread to each parcel based on special benefits received from the improvements.

**Special Benefits** — The method of apportionment (assessment methodology) is based on the premise that each of the assessed parcels within the District receives benefit from the improvements maintained and financed by annual assessments. Specifically, the assessments are for the maintenance of local street lighting and landscaped improvements. The desirability and security of properties within the District are enhanced by the presence of street lighting and well-maintained landscaping in close proximity to those properties.

The special benefits associated with the local landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties within the District providing a positive representation of the area.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, and dust and debris control.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels within the District by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on roads and highways.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

The assessments have been apportioned proportionate to the benefit received. Although the District contains a mixture of residential and non-residential uses, it is the belief of the City that residential properties benefit from all of the maintained improvements and commercial and other non-residential properties receive only benefits from street lighting. The improvements maintained serve to increase the quality of life in the community and therefore all residents benefit, without regard to lot size, occupancy, etc. The assessments are therefore apportioned equally to all residential dwelling units within the City. Commercial and other non-residential properties have been assessed an equivalent share of the cost of energy and maintenance of the street lighting system.

Properties owned by other agencies and City-owned lands were reviewed to establish benefit. The Winters Unified School District receives a proportional benefit and has entered into a Joint Use Facilities Agreement with the City, which offsets the benefits received by the School District through the equitable use of School facilities. Therefore the School District properties have been assigned a zero assessment.

In prior years there was an added assessment for bank stabilization for those parcels that receive direct benefit from the repair of said creek banks. Unused money for bank stabilization is held in reserve and there are no new or additional assessments for bank stabilization.

There has been a provision made by the City Council to allow for reimbursement of the assessment. This reimbursement is to be made to all property owners who can prove that they have paid the assessment and can show a household income that falls below the City Council approved minimums. It is estimated that approximately 5% of the assessed residential property owners would qualify for this reimbursement. Consequently, some refunds will be made that will result in a net reduction of revenues.

### **C. Assessment Methodology**

**Equivalent Benefit Units:** To assess benefits equitably, it is necessary to correlate the different type of parcels within the District to each other as well as their relationship to the improvements. The Equivalent Benefit Unit method of apportioning benefit is typically seen as the most appropriate and equitable assessment methodology for districts formed under the 1972 Act, as the benefit to each parcel from the improvements are typically apportioned as a function of land use type, size and development.

The Equivalent Benefit Unit method of assessment apportionment uses the single-family home site as the basic unit of assessment. A single-family home site equals one Equivalent Benefit Unit (EBU). Every other land use is typically converted to EBU's based on an assessment formula that equates the property's specific development status, type of development (land use), and size of the property, as compared to a single-family home site.

For the purposes of relating a single-family unit to other residential properties within the District, all residential units were considered as equivalent, i.e. single-family residences are equivalent to apartment units and other multi-family dwelling units. Commercial and other non-residential properties have been assessed per parcel.

The following formulas are used to calculate the annual assessments. The Balance to Levy represents the total amount to be collected through the annual assessments. The Levy per EBU (Assessment Rate) is the result of dividing the total Balance to Levy by the total District EBU. This Assessment Rate multiplied by each parcel's individual EBU determines each parcel's levy amount.

### **Street Lighting & Administration**

***Street Lighting & Administration Costs / Total EBU = Levy per EBU***

***Levy per EBU x Parcel's EBU = Parcel's Levy Amount-Lighting & Administration***

### **Other Budget Items**

***Remaining Costs / Residential EBU = Levy per Residential EBU***

***Levy per Residential EBU x Residential Parcel's EBU = Parcel's Levy Amount-Other***

A parcel's total levy amount is calculated by adding together the *Parcel's Levy Amount -Lighting and Administration* and the *Parcel's Levy Amount-Other*.

## IV. DISTRICT BUDGET

---

### A. Description of Budget Items

The following describes the services and costs that are funded through the District, shown in the District Budget, Section IV B.

#### **DIRECT COSTS:**

**Park Maintenance** — Includes general operation, maintenance, water, electrical costs, repairs, removals and replacements, spraying, trimming and treatments, debris and other related expenses.

**Street Lighting** — Includes all costs for removal, replace and/or repair of street/trail lights and appurtenant facilities, power and related costs, pole painting and other related expenses.

**Median Island Landscape Maintenance** — Includes maintenance, replacements, repairs of irrigation and landscaping, power costs, median curb repairs, trimming, spraying, treatments and other related expenses.

**Curbside Landscape Maintenance**— Includes maintenance, replacements, repairs of irrigation and landscaping, power costs, sidewalk replacement, trimming, spraying, treatments and other related expenses.

#### **ADMINISTRATION COSTS:**

**District Administration** — The cost to all particular departments and staff of the City for providing the coordination of District maintenance, operations and services of the District, response to public concerns and education, and procedures associated with the levy and collection of assessments. Also, the costs of contracting with professionals to provide any additional administrative, legal, or engineering services specific to the District.

**County Administration Fee** — The costs to the District for the County to collect assessments on the property tax bills.

#### **LEVY BREAKDOWN:**

**Reserve Collection/ (Transfer)** — The 1972 Act pursuant to *Chapter 1, Article 4 Section 22569 (a)*, provides for a District Reserve Fund. This Reserve Fund provides for the collection of funds to operate the District from the time period of July 1 (beginning of the Fiscal Year) through December 10<sup>th</sup> or when the County provides the City with the first installment of assessments collected from the property tax bills (typically January or February). Negative amounts shown for this budget item represent transfers from the Reserve Fund that reduces the Balance to Levy. Maintaining a fully funded Reserve eliminates the

need for the City to transfer funds from non-District accounts to pay for operational expenses during the first half of the fiscal year and also provides the District with sufficient funds to address any unforeseen or unusual expenditures that may occur during the year.

**Capital Improvement Fund Collection/(Transfer)** — The 1972 Act pursuant to *Chapter 5, beginning with Section 22660*, provides for the District to establish by resolution an assessment installment plan for proposed improvements and expenditures that are greater than can be conveniently raised from a single annual assessment. Depending on the nature of the planned improvements, the collection of funds necessary to complete the project may be collected over a period up to thirty years, but typically not more than five years. The funds collected shall be accumulated in a separate improvement fund commonly referred to as a Capital Improvement Fund (CIF) and are not considered part of the regular maintenance of the improvements or the Reserve Fund.

Because the money accumulated in the Capital Improvement Fund is for a specific planned project (budgeted separately), the amount shown for this item in the annual budget will typically be a positive number representing the amount being collected that year as part of the Balance to Levy. A negative number (Transfer) should only occur after the project has been completed and excess funds are being credited back to the District's regular accounts. The actual fund balances and expenditures for Capital Improvements are clearly identified under the Fund Balance Information section of the Budget.

Although the Budget shown in this Report contains CIF line items, a Capital Improvement Plan has not been established for this District.

**Contribution Replenishment** — This item represents repayments of amounts that had been temporarily advanced to the District from other revenue sources (usually the General Fund) or represents funds being loaned to the District for the current Fiscal Year that must be repaid by future assessments. Similar to the Reserve Collection/ (Transfer) line item, this item directly impacts the Reserve Fund Balances either positively or negatively.

Repayments are shown as a positive number and represent additional monies being collected in the current annual assessment to repay a prior loan. These loans are typically for capital improvement expenditures or unforeseen expenditures incurred in prior years and Reserve Fund monies were not sufficient to cover the expenses. To ensure the ongoing operation and maintenance of the improvements, the City may advance funds to the District as a temporary loan to meet current expenditures, and collect repayment of the loan through the annual assessments the following year or possibly over several years. Generally, all available Reserve Funds are exhausted before a temporary loan is advanced to the District and the Beginning Reserve Fund Balance will be a negative number indicating the loan amount still outstanding.

A loan for the current fiscal year (Contribution) is shown as a negative number. If the District is expected to incur significant expenditures in the current fiscal year for special services or capital improvements (upgrades or refurbishing of the improvements) and the proposed assessment revenues (annual assessments) and/or available Reserve Funds are not sufficient to cover the expenditures, the City may advance funds to the District as a temporary loan to meet the proposed expenditures. Generally, all available Reserve Funds must be exhausted before a temporary loan is advanced to the District and any funds temporarily loaned in excess of the available Reserve Funds will be reflected as a negative Ending Reserve Fund Balance. This negative Reserve Fund Balance will be repaid and replenished through future assessment revenues.

**Other Revenue Source/General Fund Contribution** — This item includes additional funds designated for the District that are not annual assessments. These funds are added to the District account to reduce assessments, and may be from non-District or District sources including City General Fund Contributions and/or interest earnings. Any funds indicated on this line will be shown as a negative number indicating a reduction in the amount to be levied and represent funds that do not have to be repaid.

**Balance to Levy** — This is the total amount to be collected for the current fiscal year through the annual assessments (for special benefits). The Balance to Levy represents the sum of Total Direct and Administration Costs, Reserve Fund Contributions or Transfers, Contributions from Other Revenue Source, and the Contribution Replenishment. Only those costs related to the improvements identified as special benefits are levied and collected on the tax roll.

## APPENDIX A - DISTRICT BOUNDARY MAPS

---

The boundary map for the District has been previously approved and submitted to the City in the format required by the 1972 Act. The map is on file in the Office of the City Clerk and by reference made part of this Report.

The boundary for the District is contiguous with the boundary of the City and defined as the corresponding parcels identified on the Yolo County Assessor's Map. The parcel identification, lines, and dimensions of each parcel within the District are those lines and dimensions shown on the Yolo County Assessor's Map for the year in which this Report was prepared and by reference are incorporated and made part of this Report.

## APPENDIX B — 2018/2019 ASSESSMENT ROLL

---

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Yolo County Assessor's map for the year in which this Report is prepared.

A listing of parcels assessed within this District, along with the assessment amounts, is included on the following pages. If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

Non-assessable lots or parcels include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed or has specific development restrictions. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

CITY COUNCIL  
STAFF REPORT

TO: Honorable Mayor and Councilmembers  
DATE: June 5, 2018  
THROUGH: John W. Donlevy, Jr., City Manager *[Signature]*  
FROM: Carol Scianna, Environmental Services Manager *CS*  
SUBJECT: BSK Contract Amendment No.5 - Conservation Easement Monitoring

**RECOMMENDATION:** Staff recommends the Council approve amendment No. 5 to Agreement No. 009-16 with BSK Services for the ongoing monitoring and reporting services for the Conservation Easement area in the amount not to exceed \$11,032 for fiscal year 2018-19. Tasks to be completed are similar to previous monitoring and reporting efforts.

**BACKGROUND:** A Valley Elderberry Longhorn Beetle (VELB) conservation easement area was established in the Winters Nature Park as part of our Northbank Trail project. US Fish and Wildlife Service (USFWS) mandates ten years of ongoing monitoring and reporting associated with the easement area, which begins when the plantings occurred. Additional tasks have been added to the monitoring due to plants being added and an extra review step requested by CalTrans to the process. These changes have resulted in the need for a third field day to complete the evaluation and monitoring. Additional time is also allotted for possible revisions to the final report to address comments received by Caltrans and City staff. The City can expect similar contract amounts for ongoing services over the next few years to satisfy the USFWS, assuming there are no additional requirements added. Staff has not received any comments from USFWS regarding the last two annual reports submitted to them.

**FISCAL IMPACT:** Funding will be from the General Fund, not to exceed \$11,032

**TO:** Honorable Mayor and Council Members  
**DATE:** June 5, 2018  
**THROUGH:** John W. Donlevy, Jr., City Manager   
**FROM:** Alan Mitchell, City Engineer  
**SUBJECT:** Adopt Resolution No. 2018-18, to accept a Grant Deed for various Public Utility Easements – Mariani Parcel Map #5145

---

**RECOMMENDATION:** Staff recommends the City Council:

1. Adopt Resolution No. 2018-18, to accept a Grant Deed for various Public Utility Easements - Mariani Parcel Map #5145; and
2. Authorize the City Clerk to record the Grant Deed on the City's behalf.

**BACKGROUND:** On August 22, 2017 the Planning Commission reviewed and approved the Parcel Map to split two Parcels (302 Abbey St. and 301 Main St.) into four Parcels. The City Engineer and on-call map-check Consultant have reviewed the Map and find it ready for approval.

**DISCUSSION:** Public Utility Easements are required on the various newly-created Parcels, for extension of public utilities across and through the Parcels. Therefore, Public Utility Easements granted from the property owner to the City is necessary. The attached Grant Deed facilitates the conveyance of those easements.

CITY COUNCIL  
STAFF REPORT

TO: Honorable Mayor and Councilmembers  
DATE: June 5, 2018  
THROUGH: John W. Donlevy, Jr., City Manager   
FROM: Shelly A. Gunby, Director of Financial Management   
SUBJECT: Appropriation Limit for Fiscal Year 2018-2019

---

**RECOMMENDATION:**

City Council approve Resolution 2018-19, A Resolution of the City Council of the City of Winters Establishing an Appropriation Limit Pursuant to Article XIII B of the California Constitution for Fiscal Year 2018-2019.

**BACKGROUND:**

In 1978, Proposition 13 was enacted, and as a follow up to Proposition 13, the voters of California amended the California Constitution in 1979 to limit the growth of governmental spending by passing Proposition 4. Proposition 4 created Article XIII B of the California Constitution that provides a formula for calculating spending limits of governments. Proposition 4 is commonly referred to as the Appropriation or Gann Limit.

The Appropriation Limit creates a restriction on the amount of government revenue which may be appropriated in any fiscal year. The Appropriation Limit is based on actual appropriations during the base year and increases each year using specified growth factors. The Appropriation Limit applies to only those revenues defined "proceeds of taxes". Proceeds of taxes generally refer to revenues in the General Fund, and some Special Revenue Funds.

Proceeds of taxes include, but are not limited to:

- All taxes levied by or for a Public Agency;
- Any revenue from regulatory licenses, user charges and user fees or charges to the extent that the proceeds exceed the cost of providing the regulation, product or service;
  - The following are NOT considered from regulatory licenses, user charges and user fees or charges for the purposes of the Appropriation Limit

- Rents, Concessions, entrance fees, franchise fees
- Fine, forfeitures and penalties
- Assessments on real property or person for special benefit conferred.
- State Subventions for general purposes; and
  1. State subventions include:
    - VLF in Lieu Fees that are not designated as per use; and
    - Homeowners Property Tax Relief
  2. State moneys provide to local governments with restricted uses excluded from the local governments Appropriation Limit such as:
    - Gas Tax (HUTA)
    - Any interest earned from the investment of the proceeds of taxes
- Certain items are excluded from the Appropriations Limit such as;
  1. State Mandate Reimbursements
  2. Certain types of Debt Service Costs
  3. Qualified Capital Outlay
  4. Costs of complying with court orders and federal mandates.
  5. Appropriation required to refund taxes;
  6. Local agency loan funds or indebtedness funds, or investment funds in bank accounts; and
  7. Redevelopment agency or successor agency property tax increment funds (because such agencies do not have the power to levy a property tax)

The City of Winters adopts the Appropriation Limit prior to the beginning of the fiscal year for which it pertains by resolution, and a discussion of the limit is included in the budget when it is submitted for approval to the City Council prior to the beginning of the fiscal year for which the budget is adopted.

The City of Winters is cautious in its spending and has never had appropriations subject to the limitation higher than 63% of the limitation.

**SUBJECT:** Adoption of Ordinance 2018-02 Providing for Implementation of the Yolo HCP/NCCP, including Related Procedures and Fees

---

**RECOMMENDATION:** Waive second reading and adopt Ordinance 2018-02, an Ordinance of the City Council of the City of Winters adopting Chapter 18.12 of the Winters Municipal Code providing for implementation of the Yolo Habitat Conservation Plan/Natural Communities Conservation Plan, including related procedures and fees.

**BACKGROUND:** The Yolo Habitat Conservation Plan/Natural Communities Conservation Plan ("Yolo HCP/NCCP") has been developed to provide for the conservation of 12 sensitive species and the natural communities and agricultural land on which they depend, and to provide a streamlined permitting process to address the effects a range of future anticipated activities on those species. The Yolo HCP/NCCP was developed by the County of Yolo and the cities of Davis, Woodland, Winters, and West Sacramento (with the University of California, Davis, in an *ex officio* capacity) through the Yolo County Habitat/Natural Community Conservation Plan Joint Powers Agency, known and referred to herein as the Yolo Habitat Conservancy ("Conservancy").

The purpose of this Ordinance is to provide for implementation of the Yolo HCP/NCCP in a manner that achieves, among other things, the following objectives:

(a) To protect, enhance, and restore natural communities and cultivated lands, including rare and endangered species habitat, and provide for the conservation of covered species within Yolo County;

(b) To replace of the current system of separately permitting and mitigating individual projects with a conservation and mitigation program, set forth in the Yolo HCP/NCCP, that

comprehensively coordinates the implementation of permit requirements through the development of a countywide conservation strategy, including identification of priority acquisition areas in riparian zones or other locations with important species habitat;

(c) To provide for additional habitat conservation that is otherwise unlikely to take place in Yolo County and benefit both listed species and project proponents by ensuring a more efficient, effective approach to mitigation; and

(d) to ensure that the Conservancy, in its capacity as the implementing entity for the Yolo HCP/NCCP, collects the local development mitigation fees necessary to assist with plan implementation and all of the related objectives set forth above.

**ANALYSIS:** This Ordinance will allow for the implementation of the Yolo HCP/NCCP in the City, which was discussed in detail in the staff materials at the May 15 Council meeting. See the May 15 staff report for additional details.

## City of Winters Ordinance No. 2018-02

### **An Ordinance of the City Council of the City of Winters Adopting Chapter 18.12 of the Winters Municipal Code Providing for Implementation of the Yolo Habitat Conservation Plan/Natural Communities Conservation Plan, Including Related Procedures and Fees**

The City Council of the City of Winters hereby ordains as follows:

1. Purpose, Findings, and Authority.

A. The Yolo Habitat Conservation Plan/Natural Communities Conservation Plan (“Yolo HCP/NCCP”) has been developed to provide for the conservation of 12 sensitive species and the natural communities and agricultural land on which they depend, and to provide a streamlined permitting process to address the effects a range of future anticipated activities on those species. The Yolo HCP/NCCP was developed by the County of Yolo and the cities of Davis, Woodland, Winters, and West Sacramento (with the University of California, Davis, in an *ex officio* capacity) through the Yolo County Habitat/Natural Community Conservation Plan Joint Powers Agency, known and referred to herein as the Yolo Habitat Conservancy (“Conservancy”).

B. The purpose of this Ordinance is to provide for implementation of the Yolo HCP/NCCP in a manner that achieves, among other things, the following objectives:

- To protect, enhance, and restore natural communities and cultivated lands, including rare and endangered species habitat, and provide for the conservation of covered species within Yolo County;
- To replace the current system of separately permitting and mitigating individual projects with a conservation and mitigation program, set forth in the Yolo HCP/NCCP, that comprehensively coordinates the implementation of permit requirements through the development of a countywide conservation strategy, including identification of priority acquisition areas in riparian zones or other locations with important species habitat;
- To provide for additional habitat conservation that is otherwise unlikely to take place in Yolo County. Effects on natural resources and associated mitigation requirements for at-risk species are addressed more efficiently and effectively than the current piecemeal mitigation process. This approach benefits both listed species and project proponents; and
- To ensure that the Conservancy, in its capacity as the implementing entity for the Yolo HCP/NCCP, receives the local development mitigation fees necessary to assist with plan implementation and all of the related objectives set forth above.

C. In preparing the Yolo HCP/NCCP, the Conservancy worked in association with the U.S. Fish and Wildlife Service and the California Department of Fish and Wildlife, as well as

an advisory committee composed of local stakeholders from the agricultural, environmental, and development communities. This Council adopted the Yolo HCP/NCCP on May 15, 2018, and approved a revised and restated joint powers agreement for the Conservancy on May 15, 2018 to address implementation of the Yolo HCP/NCCP.

D. On May 15 2018, the Council considered the Final Environmental Impact Statement/Environmental Impact Report (“Final EIS/EIR”) prepared for the Yolo HCP/NCCP pursuant to the National Environmental Policy Act and the California Environmental Quality Act, adopted a Notice of Determination, and took certain related actions involving the Yolo HCP/NCCP. The City of Winters General Plan contemplates the adoption and implementation of the Yolo HCP/NCCP and includes specific goals and policies integral to its success, including:

- Goal VI.C: To protect sensitive native vegetation and wildlife communities and habitat.
- Policy VI.C.2 In regulating private development and constructing public improvements, the City shall ensure that there is no net loss of riparian or wetland habitat acreage and value and shall promote projects that avoid sensitive areas. Where habitat loss is unavoidable, the City shall require replacement on at least a 1:1 basis. Replacement entails creating habitat that is similar in extent and ecological value to that displaced by the project. The replacement habitat should consist of locally-occurring, native species and be located as close as possible to the project site. Implementation of this policy should be based on baseline data concerning existing native species.
- Policy VI.C.4 The City shall support and participate in local and regional attempts to restore and maintain viable habitat for endangered or threatened plant and animal species. To this end, the City shall work with surrounding jurisdictions and state and federal agencies in developing a regional *Habitat Management Plan*. Such plan shall provide baseline data for the Winters area on special-status plant and animal taxa, including Swainson hawk and the valley elderberry longhorn beetle, and provide guidelines and standards for mitigation of impacts on special status taxa.
- Policy VI.C.5 The City shall require mitigation of potential impacts on special-status plant and animal taxa based on a policy of no-net-loss of habitat value. Mitigation measures shall incorporate as the City deems appropriate, the guidelines and recommendations of the U.S. Fish and Wildlife Service and the California Department of Fish and Game. Implementation of this policy may include a requirement that project proponents enter into an agreement with the City satisfactory to the City Attorney to ensure that the proposed projects will be subject to a City fee ordinance to be adopted consistent with the regional *Habitat Management Plan*.

- Implementation Program VI.4 The City, in conjunction with other interested agencies, shall prepare a regional *Habitat Management Plan* to provide a comprehensive approach to habitat protection, mitigation, and enhancement in the Winters Area.

E. The California Constitution authorizes the City to adopt ordinances that protect the health, safety, and welfare of its citizens. Further, if duly authorized by the governing bodies of each of its member agencies, California Government Code § 66000 *et seq.* authorizes the Conservancy to impose fees and other exactions to provide necessary funding for conservation and other activities required to mitigate the adverse effect of development projects and other covered activities (as defined below) within Yolo County, including within the incorporated cities. In accordance with the Implementing Agreement, as set forth below, the Conservancy may authorize the City /*City, County*/ to collect such fees from project applicants on behalf of the Conservancy and remit them to the Conservancy.

2. Addition of Chapter 18.12 to Title 18 of the Winters Municipal Code.

Chapter 18.12 is hereby added to Title 18 of the Winters Municipal Code to read as follows:

The Yolo Habitat Conservation Plan/Natural Communities Conservation Plan (“Yolo HCP/NCCP”) has been developed to provide for the conservation of 12 sensitive species and the natural communities and agricultural land on which they depend, and to provide a streamlined permitting process to address the effects a range of future anticipated activities on those species. The Yolo HCP/NCCP was developed by the County of Yolo and the cities of Davis, Woodland, Winters, and West Sacramento (with the University of California, Davis, in an *ex officio* capacity) through the Yolo County Habitat/Natural Community Conservation Plan Joint Powers Agency, known and referred to informally as the Yolo Habitat Conservancy (“Conservancy”)

The purpose of this Ordinance is to provide for implementation of the Yolo HCP/NCCP in a manner that achieves, among other things, the following objectives: (a) To protect, enhance, and restore natural communities and cultivated lands, including rare and endangered species habitat, and provide for the conservation of covered species within Yolo County; (b) To replace of the current system of separately permitting and mitigating individual projects with a conservation and mitigation program, set forth in the Yolo HCP/NCCP, that comprehensively coordinates the implementation of permit requirements through the development of a countywide conservation strategy, including identification of priority acquisition areas in riparian zones or other locations with important species habitat; (c) To provide for additional habitat conservation that is otherwise unlikely to take place in Yolo County and benefit both listed species and project proponents by ensuring a more efficient, effective approach to mitigation; and (d) to ensure that the Conservancy, in its capacity as the implementing entity for the Yolo HCP/NCCP, collects the local development mitigation fees necessary to assist with plan implementation and all of the related objectives set forth above.

**Section 18.12.020 Incorporation by Reference.**

The Yolo HCP/NCCP is incorporated by reference as though fully set forth herein. Complete copies of the Yolo HCP/NCCP and related documents are available at the offices of the Conservancy (as of the adoption of this ordinance, 611 North Street, Woodland, CA 95695), the offices of the City and online at [www.yolohabitatconservancy.org](http://www.yolohabitatconservancy.org).

The definitions set forth in this Section shall govern the application and interpretation of this Chapter. Words and phrases not defined in this Section shall be interpreted so as to give this Chapter its most reasonable application.

A. “Building Permit” includes, in connection with a Covered Activity only, a full structural building permit as well as a partial permit, such as a foundation-only permit, grading permit, or any other permit or approval authorizing a ground-disturbing activity in furtherance of a Covered Activity.

B. “Conservancy” refers to the Yolo Habitat Conservancy, a joint powers agency consisting of the County of Yolo and the cities of Davis, Woodland, Winters, and West

Sacramento (with the University of California, Davis, in an *ex officio* capacity). The formal, legal name of the joint powers agency is the Yolo County Habitat/Natural Community Conservation Plan Joint Powers Agency.

E. “Implementing Agreement” means that agreement made and entered into by and between the U.S. Fish and Wildlife Service, the California Department of Fish and Wildlife, the Conservancy, the County of Yolo, and the cities of Davis, West Sacramento, Winters, and Woodland, that defines the parties’ respective roles and responsibilities and provides a common understanding of the actions that will be undertaken to implement the HCP/NCCP.

F. “Mitigation Fees” means any fees adopted by the Conservancy, and any amendments thereto, that apply (unless exempted) to Covered Activities within the Plan Area in accordance with Chapter 8 of the Yolo HCP/NCCP and documents cited or relied on therein.

G. “Plan Area” means the geographic area covered by the Yolo HCP/NCCP, as described in Chapter 1 (Introduction) and depicted in Figure 1-1 thereof. The Plan Area includes the County of Yolo in its entirety, consisting of approximately 653,549 acres and also includes 1,174 acres along the south bank of Putah Creek in Solano County designated as the “Extended Plan Area for Riparian Restoration” in Figure 1-1. This area is included in the Plan Area only for the purpose of providing additional sites for riparian restoration to support the Covered Species.

H. “Planning Permit(s)” means any discretionary permit that authorizes a ground-disturbing activity for a Covered Activity, including but not limited to approval of a tentative map, parcel map, conditional use permit, or development agreement, or any other discretionary permit, excluding actions of general application such as general plan amendments, zoning and rezoning, annexation, specific plans, and other area or regional land use actions.

I. “Project Applicant(s)” means a person or entity applying for a Planning Permit for a project authorizing a ground-disturbing activity for a Covered Activity, including any person or entity that is a “Third Party Participant” within the meaning of Section 3.32 of the Implementing Agreement.

K. "Take Permits" means the federal Incidental Take Permit issued by the U.S. Fish and Wildlife Service to the Conservancy, the County, and each of the four cities based on the Yolo HCP/NCCP pursuant to Section 10(a)(1)(B) of the federal Endangered Species Act, and shall also include related state permits and approvals provided for in Section 86 of the California Fish & Game Code with regard to activities subject to the California Endangered Species Act (Fish & Game Code § 2050 *et seq.*) and the California Natural Community Conservation Planning Act (Fish & Game Code §§ 2800-2835).

Each Planning Permit application for a Covered Activity within the Plan Area shall include details on the manner and timing for project compliance with the Yolo HCP/NCCP in the form and manner required by the Director of Community Development. Applicable conditions of approval on Covered Activities from Chapter 4 of the Yolo HCP/NCCP as well as other measures required to implement the Yolo HCP/NCCP conservation strategy shall be included in each Planning Permit approval for a Covered Activity.

#### **Section 18.12.050 Mitigation Fees.**

A. As a condition of each approval for a Covered Activity, the Mitigation Fees shall be paid in full by the Project Applicant to the City no later than the date of issuance by the City of a Building Permit. The Mitigation Fees paid by Project Applicants shall be transferred (along with Mitigation Fee payments provided for public agency projects) to the Conservancy on a quarterly basis, or more frequently if requested by the Conservancy. Mitigation fees shall be paid to the City at the time of issuance of the first Building Permit if more than one Building Permit is required for the project.

B. If the Conservancy, pursuant to the terms of the Yolo HCP/NCCP, authorizes another manner of compensation in lieu of the Mitigation Fees (such as a conveyance of land in lieu of Mitigation Fees pursuant to the Implementing Agreement and the Yolo HCP/NCCP), the Project Applicant shall provide the City with written documentation from the Conservancy of compliance with such alternative manner of payment and the dollar equivalent amount of such alternative manner of compensation.

C. In the event the City determines a project requiring a Planning Permit is exempt from payment of the Mitigation Fees, whether because it is not a Covered Activity or because it is expressly exempt from Mitigation Fees pursuant to Chapter 8 (Section 8.4.1.1) of the Yolo HCP/NCCP, no Mitigation Fees shall be required for the project. Notwithstanding the applicability of an exemption, if appropriate based on facts and circumstances relevant to the project, the City shall advise the applicant of the potential need for any federal, state, or other permits or approvals relating to rare species or associated habitats.

D. Any appeals relating fee determinations shall be heard by the [City/County] pursuant to the process established for hearing appeals of the Planning Permit associated with the fee determination.

E. On at least a quarterly basis through and including December of each calendar year, the City shall provide the Conservancy with information regarding applications and approvals for Take authorization under the Yolo HCP/NCCP, including Take associated with projects that are exempt from the fees and/or conditions of the Yolo HCP/NCCP. The quarterly reporting shall also include the same information regarding public agency projects and associated Take.

**Section 18.12.060 Service Fees.**

The City may collect duly adopted service fees from Project Applicants to compensate for the City's costs associated with its administration and implementation of the Yolo HCP/NCCP and related permitting process. The amount and method of calculation of the service fees shall be set by resolution of the City Council. Any such fees shall be in addition to, and not a deduction from, the Mitigation Fees adopted by the Conservancy.

**Section 18.12.070 Authorized Take Coverage.**

Upon payment in full of the Mitigation Fees and approval of Planning Permits incorporating all applicable Yolo HCP/NCCP conditions of approval, the Project Applicant shall receive authorized Take coverage for the Covered Activity in accordance with the terms of the Take Permits, the Yolo HCP/NCCP, and the Implementing Agreement.

**Section 18.12.080 Guidelines.**

The Director of Community Development may adopt guidelines to assist with the implementation and administration of all aspects of this Chapter.

**Section 18.12.090 Interpretation.**

In the event of a conflict between any term or requirement of this Chapter, the Take Permits, the Yolo HCP/NCCP, and the Implementing Agreement, the term or requirement of the Take Permits shall govern.

**Section 18.12.100 Operative Date.**

This Chapter shall be operative upon the occurrence of all of the following: amendment of the Conservancy's joint powers agreement relating to plan implementation (including Mitigation Fees); the Conservancy's adoption of the Mitigation Fees; the full execution of the Implementing Agreement; the adoption of the Yolo HCP/NCCP and implementing ordinances by each of the Cities and the County; and the issuance of the Take Permits by the U.S. Fish and Wildlife Service and the California Department of Fish and Wildlife.

**3. Severability.**

If any section, subsection, sentence, clause or phrase of this Ordinance is held by court of competent jurisdiction to be invalid, such decision shall not affect the remaining portions of this Ordinance. The Council hereby declares that it would have adopted this Ordinance and each section, sentence, clause or phrase thereof irrespective of the fact that one or more sections, subsections, sentences, clauses or phrases be declared invalid.

**4. Effective Date.**

This Ordinance shall take effect and be in force thirty (30) days following its adoption and, prior to the expiration of fifteen (15) days after its adoption, the ordinance, or a summary thereof, shall be published once in the Winters Express, a newspaper of general circulation, printed and published in the County of Yolo, with the names of the Board/Council members voting for and against the Ordinance.
