RESIDENTIAL TREE REBATE PROGRAM

Thank you for your interest in the City of Winters Residential Tree Rebate Program. The purpose of this rebate program is to encourage the planting of trees throughout our residential areas by refunding the purchase price of new trees.

It is recognized that the planting of trees and preservation of trees enhance the natural scenic beauty of the city. Trees provide shade for more pleasant summertime living, savings on electrical bills and to cool hot streets and sidewalks. Their leaves filter harmful carbon dioxide from the air and replace it with life-giving oxygen. Trees provide shelter for pets, muffle noise and provides privacy. Overall, they increase property values, add beauty and grace to our community and become a priceless heritage for future generations. Enclosed you will find:

- City of Winters Approved Master Tree List
- City of Winters Standard Details – Tree Planting Detail
- City of Winters Standard Details – Tree Planting Detail with Root Barrier
- Rebate Program Conditions and Applications

Participation in the Planting Program is easy. After you have reviewed the program information and if you decide to participate, all you have to do is:

1. Choose a tree. Use the information on the Master List to decide which tree works best for you particular needs.

2. Buy your tree. Be sure to keep your receipt from the purchase. You must send it in with your rebate application.

3. Plant your tree. Refer to the Planting and Staking Detail for suggested planting methods. Trees must be planted in front yard, within 10 feet of the sidewalk rear edge(closest to the home). Parkways trees are also permitted provided special planting methods are implemented. Parkway is the area between the curb and the sidewalk. **Property owners are responsible for maintenance of trees.**

4. Complete the Rebate Application. Return it to Finance Office. Rebate is limited to $75 per address.

City of Winters Master Street Tree List

Botanical Name	Common Name	Size	Crown Diameter (Ft)	Evergreen	Flowering	Drought Resistant	Growth Rate	Street Tree
Acer buergeranum	Trident Maple	M	30				M	X
Acer campestre	Hedge Maple	S	30				M	X
Acer freemanii	Maple, 'Autumn Blaze'	L	50				M	X
Acer platanoides	Easy Street Maple, 'Ezestre'	M	20				M	
Acer rubrum	Maple, 'October Glory'	M	30				M	X
Acer truncatum x plat.	Pacific / Norwegian Sunset Maple	M	25				M

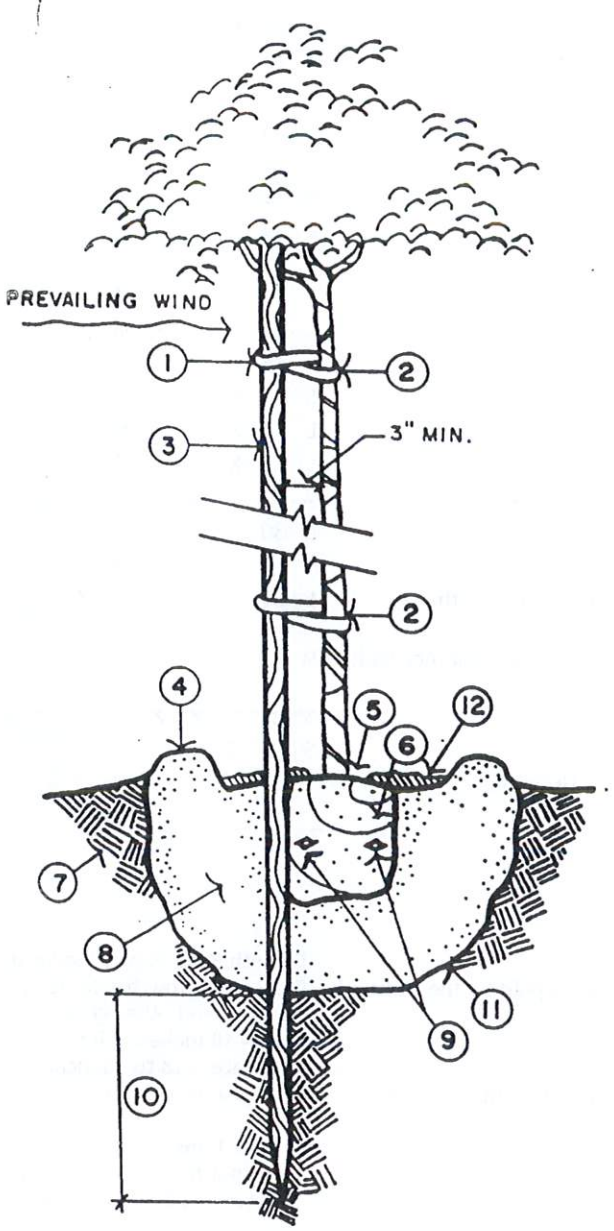
Tilia cordata	Littleleaf Linden	M	30				M	X
Ulmus parvifolia	Chinese Elm, Upright Varieties, 'Athena', 'Allee'	L	30				F	X
Ulmus wilsoniana	Hybrid Elms, 'Frontier', 'Prospector',Accolade, Pioneer	M	25				M	X
Vitex agnus-castus	Chaste Tree	S	20		X	X	S	X
Xylosma congestum	Shiny Xylosma	S	20	X			F	
Zelkova serrata	Zelkova, Green Vase, Utility cut	L	35			X	M	X

Crown Diameter:
If the sun were directly above the tree, the crown diameter would be the width of the shade pattern. Estimate at full growth (about 15 years).

Size (small, medium, large):
Estimated height at maturity. May vary due to soil, climate, and other growing conditions.
Small = 15 to 25 feet
Medium = 25 to 40 feet
Large = More than 40 feet

Growth Rate (slow, moderate, fast)
Estimated growth rate per year. May vary due to soil climate, and other growing conditions.
Slow = 18 inches or less
Moderate = 18 to 30 inches
Fast = More than 30 inches

Street Tree:
Trees not marked Street Tree should not be planted in parkways or street easements.



Notes:

1. Attach Tree Tie To Stake With 2 Galvanized Roofing Nails.
2. 1" Wide X 18" Rubber Tree Tie In Figure 8 Pattern; 2 Per Tree.
3. 3" Diameter X 10' Treated Lodgepole Pine Stake. Place On Windward Side Of Tree. Two Stakes Per Tree For Street Trees.
4. Temporary Watering Basin: 4" High Berm X Minimum 3' Diameter. (Not Used In Turf Areas).
5. Set Top Of Rootball 2" Above Finish Grade To Allow For Settlement. Keep Mulch 2" Clear.
6. Well Developed Tree Rootball.
7. Native Soil.
8. Backfill Mix Per Specifications Or Soils Report.
9. Fertilizer Tablets Per Specifications.
10. Drive Stake 1'-0" Minimum Into Undisturbed Subsoil.
11. Planting Hole Shall Be Twice Diameter And Twice The Depth Of The Rootball. Scarify Sides And Bottom Of Hole.
12. 2" Depth Shredded Redwood Or Cedar Bark Mulch.
13. **Root Barrier Required For Street Trees In Planter Strip(s).**

CITY OF WINTERS
RESIDENTIAL TREE REBATE PROGRAM

The City of Winters is offering tree rebates to encourage the planting of trees in residential areas. The City will reimburse the purchase price of the tree(s) up to $75 per address.

REBATE CONDITIONS. Please read carefully.

1. Tree(s) must be on the **Approved Master Tree List** and a minimum size of five (5) gallons.

2. Tree(s) must be planted in **front yard** within 10 feet of sidewalk edge (edge closest to the home) of residential lot. Trees planted in the parkway must use a root barrier. Parkway is the area between the curb and the sidewalk. We recommend the City of Winters planting guidelines to avoid conflicts with utility lines, concrete work and other landscaping. **IMPORTANT NOTE:** The property owner will be responsible for all future tree maintenance.

3. Maximum rebate allowed is **$75 per address.**

4. **Original** sales receipt must be included with rebate application as proof of purchase.

5. Tenants who wish to participate should contact their property owner/manager prior to purchasing and planting tree(s). The city will verify property owner consent before rebate is issued.

6. Complete and return Rebate Application to:

   City of Winters
   Attn: Finance Office
   318 First Street
   Winters, CA 95694

All residents who comply with the conditions listed above will receive a rebate from the City of Winters. If you have any questions please contact the Public Works Department 530-794-6715
