Meeting ID: 862 4283 1370

**Tuesday, June 2, 2020**

**6:30 p.m.**

**AGENDA**

*Members of the City Council*

*Wade Cowan, Mayor  
Bill Biasi, Mayor Pro-Tempore  
Harold Anderson  
Jesse Loren  
Pierre Neu*

*John W. Donlevy, Jr., City Manager  
Ethan Walsh, City Attorney  
Tracy Jensen, City Clerk*

---

PLEASE NOTE – The numerical order of items on this agenda is for convenience of reference. Items may be taken out of order upon request of the Mayor or Councilmembers. Public comments time may be limited and speakers will be asked to state their name.

Roll Call

Pledge of Allegiance

Approval of Agenda

### COUNCIL/STAFF COMMENTS

### PUBLIC COMMENTS

At this time, any member of the public may address the City Council on matters, which are not listed on this agenda. Citizens should reserve their comments for matter listed on this agenda at the time the item is considered by the Council. An exception is made

for members of the public for whom it would create a hardship to stay until their item is heard. Those individuals may address the item after the public has spoken on issues that are not listed on the agenda. Presentations may be limited to accommodate all speakers within the time available. Public comments may also be continued to later in the meeting should the time allotted for public comment expire.

### CONSENT CALENDAR

All matters listed under the consent calendar are considered routine and non-controversial, require no discussion and are expected to have unanimous Council support and may be enacted by the City Council in one motion in the form listed below. There will be no separate discussion of these items. However, before the City Council votes on the motion to adopt, members of the City Council, staff, or the public may request that specific items be removed from the Consent Calendar for separate discussion and action. Items(s) removed will be discussed later in the meeting as time permits.

- A. Minutes of the Regular Meeting of the Winters City Council Held on Tuesday, May 19, 2020 (pp. 4-13)
- B. Resolution 2020-27, A Resolution of the City Council of the City of Winters Establishing an Appropriation Limit Pursuant to Article XIIB of the California Constitution for the Fiscal Year 2020-2021 (pp. 14-22)

PRESENTATIONS: None

### DISCUSSION ITEMS

- 1. Public Hearing and Adoption of Resolution 2020-26, a Resolution of the City Council of the City of Winters Approving the Engineer's Report and Ordering the Levy and Collection of Assessments within the City of Winters City-Wide Maintenance Assessment District, Fiscal Year 2020/2021 (pp. 23-92)
- 2. Budget Workshop (pp. 93-94)
- 3. Acceptance of Certificate of Sufficiency for the Initiative Petition Amending the City of Winters General Plan to Establish an Urban Growth Boundary and Request for Further Direction from City Council Pursuant to Elections Code 9215 (pp. 95-110)

---

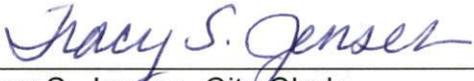

### CITY MANAGER REPORT

### INFORMATION ONLY

### ADJOURNMENT

I declare under penalty of perjury that the foregoing agenda for the June 2, 2020 regular meeting of the Winters City Council was posted on the City of Winters website at

[www.cityofwinters.org](http://www.cityofwinters.org) and Councilmembers were notified via e-mail of its' availability. A copy of the foregoing agenda was also posted on the outside public bulletin board at City Hall, 318 First Street on May 28, 2020, and made available to the public during normal business hours.

---

Tracy S. Jensen, City Clerk

Questions about this agenda – Please call the City Clerk's Office (530) 794-6702. Agendas and staff reports are available on the city web page at [www.cityofwinters.org/administrative/admin\\_council.htm](http://www.cityofwinters.org/administrative/admin_council.htm)

*General Notes: Meeting facilities are accessible to persons with disabilities. To arrange aid or services to modify or accommodate persons with disability to participate in a public meeting, contact the City Clerk.*

*Staff recommendations are guidelines to the City Council. On any item, the Council may take action, which varies from that recommended by staff.*

*The city does not transcribe its proceedings. Anyone who desires a verbatim record of this meeting should arrange for attendance by a court reporter or for other acceptable means of recordation. Such arrangements will be at the sole expense of the individual requesting the recordation.*

*How to obtain City Council Agendas and Agenda Packets:*

*View on the internet: [www.cityofwinters.org/administrative/admin\\_council.htm](http://www.cityofwinters.org/administrative/admin_council.htm)*

*Any attachments to the agenda that are not available online may be viewed at the City Clerk's Office or locations where the hard copy packet is available.*

*Email Subscription: You may contact the City Clerk's Office to be placed on the list. An agenda summary is printed in the Winters Express newspaper.*

*City Council agenda packets are available for review or copying at the following locations:*

*City Hall – Finance Office - 318 First Street*

*City Council meetings are streamed and can be viewed live at <http://www.cityofwinters.org/live-city-council-meetings/>. A recording of any streamed City Council meeting can be viewed at a later date at <http://www.cityofwinters.org/city-council-meeting-recordings/>.*

Minutes of the Regular Meeting of the Winters City Council Held via  
Teleconference (ZOOM) on May 19, 2020

---

Mayor Wade Cowan called the meeting to order at 6:30 p.m.

Present: Council Members Harold Anderson, Jesse Loren, Pierre Neu, Mayor Pro Tem Biasi, Mayor Wade Cowan

Absent: None

Staff: City Manager John W. Donlevy, Jr., City Attorney Ethan Walsh, Police Chief John Miller, Fire Chief Brad Lopez, Environmental Services Manager Carol Scianna, Director of Financial Management Shelly Gunby, Public Works Superintendent Eric Lucero, Building Official Gene Ashdown, City Clerk Tracy Jensen.

Council Member Loren led the Pledge of Allegiance.

Approval of Agenda: Mayor Cowan said this meeting was being conducted on Zoom, which is allowed under the Governor's order. All votes will be roll call votes. Time will be provided for any members of the public to make comments for each agenda item. If you wish to make a comment, please use the "raise your hand" feature and you will be given the opportunity to speak.

City Manager Donlevy said there were no changes to the agenda. Motion by Council Member Loren, second by Council Member Neu to approve the agenda with no changes. Motion carried with the following roll call vote:

AYES: Council Members Anderson, Loren, Neu, Mayor Pro Tem Biasi, Mayor Cowan

NOES: None

ABSENT: None

ABSTAIN: None

COUNCIL/STAFF COMMENTS: Verbal updates were provided by Council.

PUBLIC COMMENTS: Winters Resident Jason Trojanowski inquired what the City of Winters is doing regarding the State of Emergency that he claimed was valid for 60 days and expired on May 6. City Manager Donlevy said the City of Winters falls under the jurisdiction of Yolo County and the current order expires on May 31.

CONSENT CALENDAR

- A. Minutes of the Regular Meeting of the Winters City Council Held on Tuesday, May 5, 2020
- B. Resolution 2020-18, a Resolution of the City Council of the City of Winters, Initiating Proceedings for the Annual Levy and Collection of Assessments for the City-Wide Maintenance Assessment District, Fiscal Year 2020/2021
- C. Resolution 2020-19, a Resolution of the City Council of the City of Winters Preliminarily Approving the Engineer's Annual Levy Report, and Declaring its Intention to Levy and Collect Annual Assessments and Providing Notice of Hearings Thereof for the City of Winters City-Wide Maintenance Assessment District, Fiscal Year 2020/2021
- D. Approval of Joint Use Agreement between the City of Winters and the Winters Parent Nursery School (WPNS)
- E. Resolution 2020-23, a Resolution of the City Council of the City of Winters to Accept a Grant Deed for a Public Utility Easement Related to the Winters Highlands (Stone's Throw) Phase 2 Project; and Resolution 2020-24, a Resolution of the City Council of the City of Winters to Approve the Final Map #4507 for Winters Highlands (Stone's Throw) Phase 2 Subdivision
- F. Irrevocable Offer of Dedication of Right of Way and Public Utility Easement for the Winters Highlands (Stone's Throw) Phase 1 Subdivision

City Manager Donlevy gave an overview and verified Council Member Neu may participate in the vote regarding Item D as his property exceeds the 500-foot boundary. Motion by Council Member Loren, second by Council Member Neu to approve the Consent Calendar. Motion carried with the following roll call vote:

AYES: Council Members Anderson, Loren, Neu, Mayor Pro Tem Biasi, Mayor Cowan  
NOES: None  
ABSENT: None  
ABSTAIN: None

DISCUSSION ITEMS

- 1. Public Hearing to Receive Input from Specific Property Owners Regarding Implementation of Weed Abatement for 2020

City Manager Donlevy gave an overview. Mayor Cowan opened the public hearing at 6:59 p.m. and referenced a letter that had been sent to the City Council signed by residents on Dry Creek Lane following a recent fire. City Manager Donlevy met with residents from Dry Creek who requested the City consider moving weed abatement inspection from twice a year to three times a year. City Manager Donlevy said staff will take their request into consideration and respond in the next couple of weeks, adding the fire remains under investigation.

Marla Weston, 412 Dry Creek Ln., said it was a frightening situation and was thankful to the Winters Fire and Police Departments for their good work in protecting their street and the entire city. When grasses get too high and present a danger, it's the responsibility of the owner of property to abate when it becomes dangerous. When residents call the City about dangerous property, the City should take action to abate it or cause it to be abated in a timely manner.

Linda Hirst, 414 Dry Creek Lane, said she is impressed by all the City is handling and said thank you. When there is a safety threat, she would like to get a more rapid response than what she's seen. It's late to be mowing for fire risk.

Several residents of Dry Creek Lane submitted a letter proposing the City assess adjacent property for fire risk and modify the weed abatement mowing schedule to ensure that the fire risk is removed as soon as possible. Weed abatement needs to happen on a fixed schedule and whenever current conditions present a fire hazard to the community. The letter also proposed the establishment of a reporting system so residents can contact the City to warn them of dangerous conditions, upon which the City is required to abate or arrange for the abatement of said conditions. The increased risk management would serve many parties, including unnecessary deployment of the Fire Department, protect residents from liability for the negligent damage caused by others, and help keep our residents lives and property safer from completely preventable fires.

Council Member Loren referenced climate change and climate change adaption and said the fire season is no longer predictable and doesn't follow a pattern. She suggested leading the way by adding a third time period for weed abatement and provide more clarity to the public about what they can do to abate property adjacent to their own property. City Manager Donlevy said weed abatement is not a perfect science, adding staff will get the wheels in motion for an evaluation of the weed abatement calendar and will bring back to Council for review at a later date.

Mayor Cowan closed the public hearing at 7:09.

Fire Chief Lopez acknowledged and understood the residents' concerns regarding the May 16<sup>th</sup> fire, which was fast moving and posed an immediate threat to the homes in the area. The Fire Department took quick action to subdue the fire and are continuing to follow up on an investigation.

2. Resolution 2020-22, a Resolution of the City Council of the City of Winters Authorizing the Establishment of an OPEB Trust to be Administered by Public Agency Retirement Services (PARS) and U.S. Bank

Director of Financial Management Shelly Gunby gave an overview. Council Member Neu asked if staff was putting more money away or putting money in a different place. Ms. Gunby said while the City continues to make their required payments through the OPEB trust, funds will also be placed in the PARS 115 Trust in order to diversify the City's investments. If approved, funding into the PARS 115 Trust will begin in 2021. Mayor Pro Tem Biasi asked if PARS selects the investment funds and Ms. Gunby said a menu of investments is provided and staff will select how the funds are to be invested.

Motion by Council Member Neu, second by Mayor Pro Tem Biasi to approve Resolution 2020-22, authorizing the establishment of an OPEB Trust to be Administered by Public Agency Retirement Services (PARS) and U.S. Bank. Motion approved with the following roll call vote:

AYES: Council Members Anderson, Loren, Neu, Mayor Pro Tem Biasi, Mayor Cowan  
NOES: None  
ABSENT: None  
ABSTAIN: None

3. Authorization to Purchase New Radar Trailer with Digital Signage, Radar Detection, Traffic Counting, ALPR Technology and Speed Sensors

Police Chief Miller gave an overview, confirming the new radar trailer will be a multipurpose piece of equipment that will include an enhanced message board that can be updated remotely, hardware/software, and ALPR technology. Chief Miller confirmed an ALPR policy, required as per SB34, is not required to be adopted prior to purchasing the trailer, but will be developed and brought forward to a regularly scheduled public meeting to provide the public with an opportunity for public comment. 230 out of 391 agencies in California use ALPR technology, with 36 departments planning to implement soon (not including Winters.) Chief Miller reviewed how the ALPR system works, which doesn't identify the driver license or immigration status but monitors traffic for violations. He added this technology would be an efficient use of manpower and the information obtained can only be shared with other public agencies, and not with private agencies or immigration. The City will own the closed data and recordings, with Vigilant storing the data, and can only be shared with other agencies if an MOU agreeing to do so is in place. Information will be destroyed in one year from the date taken unless it is being used on a case. Chief Miller reviewed the two quotes received, identified where the funds would be coming from, confirmed the annual maintenance fee of \$2550, which has been built into the 2021/2022 operating budget. The digital signage can also be used for community messages, special event/alternate parking, emergency road closures, and public safety types of events. The information received is uploaded to

Vigilant and stored on servers on behalf of the Winters Police Department and can't be shared with other agencies unless we agree via MOU. Vigilant also cannot sale or provide information to private entities. If the City of Winters data is shared with another agency as per the MOU on file, that agency cannot share the data with any other agency as per SB54. Mayor Cowan then opened the floor for public comments.

Jason Trojanowski voiced his concerns about using anti-theft vehicle funds being used for a trailer, license plates being run without reasonable cause, and suggested installing cameras on street lights to better position the cameras. Chief Miller said as per Cal Trans, cameras can't be installed on light poles on a State highway.

Kate Laddish, 400 Morgan, thanked staff for changing this purchase to a discussion item to facilitate input in accordance with SB34. Ms. Laddish expressed her concern about the City of Winters adopting a form of warrantless mass surveillance that can be abused. The technology we adopt is only as good and as trustworthy as the people using and storing the data gathered. Vigilant Solution, the company with which Winters hopes to partner, has a history of selling data to customers that are far outside the scope of what the local jurisdictions planned. While the safeguards enacted in SB54 should help with this, Ms. Laddish remains concerned that Winters will be collecting information, including whole-car photos of every car and sending it to a third-party vendor for storage and use. SB54 will require Winters PD to enter into a written agreement with any individual outside agencies with which I share the information and Ms. Laddish requested Council to direct staff to include guidelines for when, how, and how widely that information will be shared, and to include guidelines for terminating sharing agreements when specific investigations end. A State auditor's report from February 2020 showed that problems remain with ALPRs, even with SB34 and SB54 in place. Ms. Laddish requested Council to direct staff to draft a usage and privacy policy and make that policy publicly available before Council votes, helping to ensure that we uphold our community values and reduce the risk of future abuse of the data, and asked Council to wait to vote on this item until the June 2 City Council meeting.

Sandra Aamodt, 30100 Positas Road, expressed her concerns about the planned purchase of an automated license plate reader for Winters. The information collected can be dangerous if its use is not appropriately limited. The more widely the information is disseminated and the longer it is stored, the more likely it is to be abused. State law provides a reasonable set of safeguards against such abuses, but a recent audit found that violations of these laws are common in practice. In order to prevent these types of problems developing in Winters, Ms. Aamodt requested that Council direct staff to make the proposed privacy policy available for public discussion before the ALPR is purchased. This policy should specify how long the information will be retained before being destroyed and how the department will decide when to share its database with other agencies.

Shep Harper, 431 Russell, said he understands the need to replace an aging radar trailer and appreciates having them on his street to remind others to slow down, as well as himself. He understands that the replacement will include an Automatic License

Plate Reader (ALPR) and he does not support them. He considers them warrantless mass surveillance devices and there are already provisions in California law guidelines for how these devices can be used. He requested if Council decides to augment a Radar Trailer with an ALPR, provisions will include strong controls that meet SB34 and SB 54 requirements.

Bonnie Dixon, 422 Russell St., expressed her concern about the consideration of acquiring an ALPR. This type of mass surveillance technology should not be adopted without first ensuring that the privacy of the public is protected in the way that the information collected by the device will be store and used. It is critical that the City Council not approve the acquisition of an ALPR until after a usage and privacy policy has been put in place that satisfies the Council and residents of Winters and is in full compliance with all relevant state laws. The policy should ensure that there will be no unnecessary sharing or long-term storage of ALPR data.

Jill Shirley, 200 Wolfskill, said ALPRs are a form of warrantless mass surveillance that raises serious concerns about privacy and security. California law provides several safeguards against the misuse of information from ALPRs that include sharing the resulting data to any person or agency outside of law enforcement, anyone who accesses the data must be trained and monitored to prevent unauthorized use, and a usage and privacy policy must be publicly available. In addition, SB54 prohibits the sharing of this information with immigration enforcement. Ms. Shirley strongly opposes the use of warrantless mass surveillance, including ALPRs, and said she was very concerned about adding a new surveillance technology to Winters. She wants to ensure that there are adequate usage and privacy policies in place before any surveillance technology is adopted and recommended that a City of Winters ALPR Usage and Privacy Policy be made available for public discussion before any ALPR purchase is approved to ensure that the policy prohibits unnecessary sharing and long-term storage of the information collected, in compliance with State law.

Denise Cotrell, and All Vallecillo, 210 Main Street, thanked Chief Miller for his report regarding the ALPR technology. On behalf of the Hispanic Advisory Committee, there is a lot of concern within the Hispanic community about the information gathered. If the information is shared so easily on the cloud and stored by a third party, it can get out of our control. The radar trailer is important and an upgrade with newer technology will be an asset to the community. But before implementing this tool, Ms. Cotrell requested that Council direct staff to develop a policy, have a discussion about how the policy will work, and to include the Latino community in the future by posting bilingual notices. Ms. Cotrell also thanked Council and staff for repairing the sidewalk on Main Street.

Rodney Orosco, Winters Express, said there are boilerplate policies available and said the ALPR technology policy can be updated specific to Winters Police Department once the system is accepted.

Council Member Loren has been a liaison for the Hispanic Advisory Committee (HAC) for 12 years and said its members were not aware that this item was available for public

comment. The HAC wants to improve interaction with the City and the Winters Express and requested the contents of future agenda packets be translated into Spanish. Council Member Loren said she would like to consider some of the language, including the guidelines for sharing agreements and said she is comfortable approving the trailer, but is not comfortable with the ALPR without more input on the policy portion.

Mayor Pro Tem Biasi said the existing trailer needs to be replaced and legal counsel can provide direction. Using a new system could assist the police department with homicide investigations, issue Amber Alerts, and assist in arson investigations as long as the data is used properly. Chief Miller confirmed only the license plate on the front or back of the car, and not the entire car is captured. This system is used in neighboring communities and it makes sense for Winters to use the technology for the right reasons.

Council Member Neu agreed that surrounding cities use this technology but he is concerned about the policy. It will take awhile to build the trailer and install the equipment, and before it can be used, a policy can be written and approved by Council before being used. He doesn't want the ALPR to be used prior to having a policy in place.

Council Member Anderson said the system should be used for law enforcement purposes and not looking forward in the technology era puts us at a disadvantage. Cooperation with neighboring agencies is going to benefit the entire region.

Mayor Cowan said he is in favor of the trailer with the ALPR. It will be a good tool for the Police Department. He said he understands SB34 and SB54; there are a lot of laws and regulations that help control data usage and agreed that a good, sound policy is put into place. Mayor Cowan fully supports the purchase of the new trailer and ALPR system with the caveat that we establish a policy for public input and policy approval prior to usage. This is an important tool for the Police Department and can be extremely helpful. The only question that remained was how the MOUs will be worked out between Police Departments and asked if they would be used just for specific cases. Chief Miller said the initial MOU is not based on a time period and both parties must agree to continue. The MOU can be terminated, can be updated with changes specific to the agency.

City Manager Donlevy said Chief Miller will put together the overall policy in compliance with SB34 and SB54, who has been very explicit that no information will be shared with ICE. Chief Miller said he will be utilizing a model policy by Lexipol that specifically addresses SB34 and SB54.

Motion by Mayor Pro Tem Biasi, second by Council Member Loren to approve the purchase of the RADAR trailer with ALRP with the caveat that the policy be brought back to Council for review prior to the trailer being put into use. Council Member Loren added "prior to implementing trailer." City Manager Donlevy confirmed the policy would be written by Chief Miller and brought back to Council for approval at the June 2<sup>nd</sup> City Council meeting. Motion carried with the following roll call vote:

AYES: Council Members Anderson, Loren, Neu, Mayor Pro Tem Biasi, Mayor Cowan  
NOES: None  
ABSENT: None  
ABSTAIN: None

4. SB1 2019-2020 Street Rehab Project Change Order for Striping

Public Works Superintendent Eric Lucero gave an overview and confirmed the striping was left off of the bid to avoid having to go back out to bid. The lowest bid left us approximately \$47K under budget, and the lowest bid for the striping came in at \$38K. The project, which should be completed next week, will include widened bike paths along Main Street.

Motion by Council Member Neu, second by Council Member Loren to allow the City Manager to execute a change order for striping to the existing contract with Vintage Paving for the SB1 2019-2020 Street Rehab Project. Motion carried with the following roll call vote:

AYES: Council Members Anderson, Loren, Neu, Mayor Pro Tem Biasi, Mayor Cowan  
NOES: None  
ABSENT: None  
ABSTAIN: None

5. Budget Overview

City Manager Donlevy said staff was bringing forth information regarding the impact of salary reductions and Director of Financial Management Shelly Gunby would give Council and the community an idea of the reductions that are being proposed and how the City plans to pay for some things. Ms. Gunby said all employee groups have been met with at least once, some twice, and although no agreements are in place, staff anticipates a 5% pay cut moving forward. Ms. Gunby then shared Slide 1 reflecting the total contributed by Department Heads back into the General Fund over a ten-year period, exceeding \$500K. Slide 2 reflects the impact of the proposed pay cut for each employee.

Regarding the \$250,000 in funds toward a \$1 million litigation reserve to address potential challenges to land use initiatives, City Attorney Walsh said he was hopeful that litigation doesn't come to pass, but the City needs to be prepared to defend any challenges that might come our way. Mayor Pro Tem Biasi said an issue was brought up that the City was not being transparent about what the money was to be used for and he thanked City Attorney Walsh for explaining why staff couldn't comment on those funds. City Attorney Walsh said in general, Council and staff members have been wary

of how they speak about the initiative as they don't want to be put in a position to advocate one way or another. Also, staff was concerned about potentially compromising our position by providing information about strategy and our legal position. This is the reason staff didn't want to elaborate without legal counsel at the May 5<sup>th</sup> City Council meeting and appreciates staff and Council for being careful on these issues and not putting the City in a more defensive position.

Council Member Neu asked if it was common for referendums or ballot measures to have issues or involve lawsuits. City Attorney Walsh said they do happen occasionally, though he doesn't have any statistics. There are a number of factors to consider and we can't predict litigation, but there is always a possibility and we have an obligation to defend it if it does come.

Mayor Pro Tem Biasi referenced the table showing the amounts that Department Heads donated back to the City's general fund was impressive. Over ½ million dollars could have easily been taken but he chose to give it back to the general fund. He wanted to acknowledge them and thanked Shelly for putting this information together. Council Member Loren reiterated Mayor Pro Tem Biasi's comments – ½ million dollars is astounding. These numbers prove the sacrifice that was made by City administrators and it's a reminder of what we're made of.

Council Member Neu referenced the chart showing cuts would be at 7.5% and asked how much that would save the City. Ms. Gunby said it would save the general fund almost \$275K. City Manager Donlevy confirmed there will be more specific budget information brought back to Council on June 2 and will come back to Council on June 16 for adoption, with input provided by Council in the meantime.

Council Member Loren asked if there was any word from the State or Feds on money coming for cities. City Manager Donlevy said the Governor released the budget last week and has carried forward a \$55 billion-dollar deficit from where they were in January, and the State will receive \$14 billion worth of aid from the Feds. We may get a little bit of money, but it will be eaten up pretty quickly. City Manager Donlevy confirmed a Special Executive Session City Council meeting would be scheduled to discuss labor negotiations.

---

**CITY MANAGER REPORT:** Regarding PSPS (Public Safety Power Shutoffs), PG&E has installed switches so the City is not going to see the type of shut downs we had last year, including the downtown. Regarding COVID-19, the Board of Supervisors kicked into next week the possible opening of restaurants and will provide guidance documents to staff. Sacramento and Solano Counties are opening restaurants and retail on Thursday and Yolo County remains behind the curve. From a City Hall standpoint, we have many residents who pay their utility bill with cash and reopening of City Hall is very important. Staff is working on a strategy to open the doors on June 1<sup>st</sup>, including putting safeguards and policies in place. Staff will be sending a survey to

Council regarding an Executive Session to discuss labor negotiations via Zoom. Mayor Cowan added there is a meeting scheduled with downtown business owners on Thursday morning at 11 to discuss and develop a way to reopen by providing more flexibility for outside dining with no additional licensing. City Manager Donlevy said the downtown business owners have a good team and will work with staff to look at an overall strategy to open up responsibly and safely. If you like 4<sup>th</sup> Fridays, get ready!

INFORMATION ONLY: None

ADJOURNMENT: Mayor Cowan adjourned the meeting at 9:12 p.m.

Tracy S. Jensen, City Clerk

CITY COUNCIL  
STAFF REPORT

TO: Honorable Mayor and Councilmembers  
DATE: June 2, 2020  
THROUGH: John W. Donlevy, Jr., City Manager  
FROM: Shelly A. Gunby, Director of Financial Management  
SUBJECT: Appropriation Limit for Fiscal Year 2020-2021

**RECOMMENDATION:**

City Council approve Resolution 2020-27, A Resolution of the City Council of the City of Winters Establishing an Appropriation Limit Pursuant to Article XIII B of the California Constitution for Fiscal Year 2020-2021.

**BACKGROUND:**

In 1978, Proposition 13 was enacted, and as a follow up to Proposition 13, the voters of California amended the California Constitution in 1979 to limit the growth of governmental spending by passing Proposition 4. Proposition 4 created Article XIII B of the California Constitution that provides a formula for calculating spending limits of governments. Proposition 4 is commonly referred to as the Appropriation or Gann Limit.

The Appropriation Limit creates a restriction on the amount of government revenue which may be appropriated in any fiscal year. The Appropriation Limit is based on actual appropriations during the base year and increases each year using specified growth factors. The Appropriation Limit applies to only those revenues defined "proceeds of taxes". Proceeds of taxes generally refer to revenues in the General Fund, and some Special Revenue Funds.

Proceeds of taxes include, but are not limited to:

- All taxes levied by or for a Public Agency;
- Any revenue from regulatory licenses, user charges and user fees or charges to the extent that the proceeds exceed the cost of providing the regulation, product or service;
  - The following are NOT considered from regulatory licenses, user charges and user fees or charges for the purposes of the Appropriation Limit.

- Rents, Concessions, entrance fees, franchise fees
- Fine, forfeitures and penalties
- Assessments on real property or person for special benefit conferred.
- State Subventions for general purposes; and
  1. State subventions include:
    - VLF in Lieu Fees that are not designated as per use; and
    - Homeowners Property Tax Relief
  2. State moneys provide to local governments with restricted uses excluded from the local governments Appropriation Limit such as:
    - Gas Tax (HUTA)
    - Any interest earned from the investment of the proceeds of taxes
- Certain items are excluded from the Appropriations Limit such as;
  1. State Mandate Reimbursements
  2. Certain types of Debt Service Costs
  3. Qualified Capital Outlay
  4. Costs of complying with court orders and federal mandates.
  5. Appropriation required to refund taxes;
  6. Local agency loan funds or indebtedness funds, or investment funds in bank accounts; and
  7. Redevelopment agency or successor agency property tax increment funds (because such agencies do not have the power to levy a property tax)

The City of Winters adopts the Appropriation Limit prior to the beginning of the fiscal year for which it pertains by resolution, and a discussion of the limit is included in the budget when it is submitted for approval to the City Council prior to the beginning of the fiscal year for which the budget is adopted.

The City of Winters is cautious in its spending and has never had appropriations subject to the limitation higher than 63% of the limitation.

**PURSUANT TO ARTICLE XIII B OF THE CALIFORNIA**  
**CONSTITUTION FOR FISCAL YEAR 2020-2021**

WHEREAS, Article XIII B of the Constitution of the State of California provides for the annual appropriations of governmental units to be the subject of limitations, and

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Winters that an appropriation limit for the Fiscal 2020-2021 pursuant to Article XIII B of the Constitution of the State of California be established in the amount of \$8,272,481 and the same is hereby approved.

PASSED AND ADOPTED by the City Council, City of Winters, the 2nd day of June 2020 by the following vote:

May 2020

Dear Fiscal Officer:

**Subject: Price Factor and Population Information**

**Appropriations Limit**

California Revenue and Taxation Code section 2227 requires the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2020, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2020-21. Attachment A provides the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2020-21 appropriations limit. Attachment B provides the city and unincorporated county population percentage change. Attachment C provides the population percentage change for counties and their summed incorporated areas. The population percentage change data excludes federal and state institutionalized populations and military populations.

**Population Percent Change for Special Districts**

Some special districts must establish an annual appropriations limit. California Revenue and Taxation Code section 2228 provides additional information regarding the appropriations limit. Article XIII B, section 9(C) of the California Constitution exempts certain special districts from the appropriations limit calculation mandate. The code section and the California Constitution can be accessed at the following website: <http://leginfo.legislature.ca.gov/faces/codes.xhtml>.

Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this requirement should be directed to their county, district legal counsel, or the law itself. No state agency reviews the local appropriations limits.

**Population Certification**

The population certification program applies only to cities and counties. California Revenue and Taxation Code section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2020.**

**Please Note:** The prior year's city population estimates may be revised. The per capita personal income change is based on historical data. Given the stay-at-home orders due to COVID-19, growth in the coming years may be substantially lower than recent trends.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

Attachment

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2020-21 appropriation limit is:

Per Capita Personal Income

Fiscal Year (FY)	Percentage change over prior year
2020-21	3.73

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2020-21 appropriation limit.

**2020-21:**

Per Capita Cost of Living Change = 3.73 percent  
 Population Change = 0.22 percent

Per Capita Cost of Living converted to a ratio:  $\frac{3.73 + 100}{100} = 1.0373$

Population converted to a ratio:  $\frac{0.22 + 100}{100} = 1.0022$

Calculation of factor for FY 2020-21:  $1.0373 \times 1.0022 = 1.0396$

Fiscal Year 2020-21

**CITY COUNCIL  
STAFF REPORT**

**TO:** Honorable Mayor and Council Members  
**DATE :** June 20, 2020  
**THROUGH:** John W. Donlevy, Jr., City Manager   
**FROM :** Tracy S. Jensen, Records Manager/City Clerk  
**SUBJECT:** Public Hearing and Adoption of Resolution 2020-26, A Resolution of the City Council of the City of Winters, Approving the Annual Levy Report and Ordering the Levy and Collection of Assessments Within the City of Winters City-Wide Maintenance Assessment District, Fiscal Year 2020/2021

---

**RECOMMENDATION:**

1. Conduct a Public Hearing approving the Engineer's Report and ordering the levy of assessments for the Citywide Maintenance Assessment District
2. Adopt Resolution 2020-26, a Resolution of the City Council of the City of Winters, Approving the Annual Levy Report, and Ordering the Levy and Collection of Assessments Within the City of Winters City-Wide Maintenance Assessment District, Fiscal Year 2020/2021

**BACKGROUND**

As provided in the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500 and by previous Resolution, the City Council initiated proceedings for the "City of Winters Citywide Maintenance Assessment District" for the annual levy and collection of assessments to pay for the operation, maintenance and servicing of landscaping and lighting and all appurtenant facilities and ordering the preparation of an Engineer's Annual Levy Report regarding the District and assessment for Fiscal Year 2020/2021, pursuant to Chapter 1, Section 22565 of the Act.

The Citywide Maintenance Assessment District pays for street lighting and park and landscape maintenance. Funds reside in the Citywide Maintenance Assessment District fund. The Assessment District budget for Fiscal Year 2020/2021 is \$214,944.98. The Engineer (Willdan Financial Services) selected by the City Council has prepared and filed with the City Clerk said Report in conjunction with the District and the levy of assessments for Fiscal Year 2020/2021 (beginning July 1, 2020 and ending on June 30, 2021) in accordance with Chapter 3, Section 22623 of the Act.

**ALTERNATIVE:** None

**FISCAL IMPACT:** None by this action.

**ATTACHMENTS:** Resolution 2020-26  
2020/2021 Engineer's Annual Levy Report

RESOLUTION NO. 2020-26

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WINTERS, CALIFORNIA, AMENDING AND/OR APPROVING THE ANNUAL LEVY REPORT, AND ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE CITY OF WINTERS CITY-WIDE MAINTENANCE ASSESSMENT DISTRICT, FISCAL YEAR 2020/2021.

The City Council of the City of Winters, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: City of Winters City-Wide Maintenance Assessment District (hereafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the "Act"); and,

**WHEREAS**, there has been presented to this City Council the "Engineer's Annual Levy Report" as required by *Chapter 3, Section 22623* of said Act, and as previously directed by Resolution; and,

**WHEREAS**, this City Council has carefully examined and reviewed the Report as presented, and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and,

**WHEREAS**, this City and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Section XIID of the California State Constitution; and,

**WHEREAS**, upon reasonable written notice by Yolo County of any claim or challenge, the City of Winters agrees to defend with counsel of its choice, indemnify and hold harmless Yolo County, its Board of Supervisors, officers, officials, agents and employees (collectively "the County"), against the payment of any liabilities, losses, costs and expenses, including attorney fees and court costs, not due to the County's own active negligence or willful misconduct, which the County may incur in the exercise and performance of its powers and duties in placing these assessments onto the County roll and tax bills for the City of Winters;

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE CITY OF WINTERS, AS FOLLOWS:**

**Section 1** Following notice duly given, the City Council has held a full and fair public hearing regarding the District, the levy and collection of assessments, the Report prepared in connection therewith, and considered all oral and written statements, protests and communications made or filed by interested persons regarding these matters.

**Section 2** Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection, the City Council hereby finds and determines that:

- i) the land within the District will receive special benefit by the operation, maintenance and servicing of improvements, located within the boundaries of the District; and,
- ii) the District includes all of the lands so benefited; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the fee for the Fiscal Year commencing July 1, 2020, and ending June 30, 2021, is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

**Section 3** The maintenance, operation and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the installation, maintenance and operation of and the furnishing of services and materials for public parks, public open space, riparian vegetation, public greenbelts, street landscape strips, landscaping adjacent to public buildings, bank stabilization, furnishing of utilities and lighting and all necessary appurtenances.

**Section 4** The County Auditor of the County of Yolo shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

**Section 5** The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the City of Winters City-Wide Maintenance Assessment District and such money shall be expended only for the maintenance, operation and servicing of the improvements as described in Section 3.

**Section 6** The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2020, and ending June 30, 2021.

**Section 7** The City Clerk, or their designate, is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution, pursuant to *Chapter 4, Article 1, Section 22641* of the Act.

**Section 8** That the above recitals are all true and correct. That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the final approval of the Report.

**PASSED, APPROVED, AND ADOPTED BY THE CITY COUNCIL OF THE CITY OF WINTERS, THIS 2<sup>nd</sup> DAY OF JUNE, 2020.**

## I. OVERVIEW

---

### A. Introduction

The City of Winters (“City”) annually levies and collects special assessments in order to maintain the improvements within the City of Winters City-Wide Maintenance Assessment District (“District”). The District was formed in 1993 and is annually levied pursuant to the *Landscape and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (“1972 Act”). The boundary of the District is coterminous with the City limits.

This Engineer’s Annual Levy Report (“Report”) has been prepared in accordance with the provisions of *Chapter 3, Section 22622* of the 1972 Act. This Report describes the District, the improvements therein, any annexations or other modifications to the District including any substantial changes to the improvements, the method of apportionment, the boundaries of the District, and financial information including the district budgets and proposed annual assessments for Fiscal Year 2020/2021. The proposed assessments are based on the historic and estimated costs to maintain the improvements that provide a special benefit to properties within the District. The costs of improvements and the annual levy including all expenditures, deficits, surpluses, revenues, and reserves are assessed to each parcel within the District proportionate to the parcel’s special benefits.

For the purposes of this Report, the word “parcel” refers to an individual property assigned its own Assessment Number by the County of Yolo Assessor’s Office. The County of Yolo Auditor/Controller uses Assessment Numbers and specific fund numbers to identify properties assessed for special district benefit assessments on the tax roll.

Pursuant to *Chapter 3, beginning with Section 22620* of the 1972 Act, the City Council shall conduct a noticed annual public hearing to consider all public comments and written protests regarding the District. Following the annual public hearing and review of the Engineer’s Annual Levy Report, the City Council may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments contained therein, the City Council will by resolution: order the improvements to be made and confirm the levy and collection of assessments pursuant to *Chapter 4, Article 1, beginning with Section 22640* of the 1972 Act. The assessment rate and method of apportionment described in this Report as approved or modified by the City Council defines the assessments to be applied to each parcel within the District for Fiscal Year 2020/2021.

The assessments as approved will be submitted to the County Auditor/Controller to be included on the property tax roll for each parcel within the District. If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County. The assessment amount to be levied and collected

for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate contained in this Report as approved by the City Council.

## B. Applicable Legislation

The District has been formed and is annually levied pursuant to the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, beginning with Section 22500*. The assessments and methods of apportionment described in this Report utilize commonly accepted assessment engineering practices and have been calculated and proportionately spread to each parcel based on the special benefits received.

### Compliance with the California Constitution

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the *California Constitution Article XIID ("Article XIID")*, which was added to the California Constitution with the passage of statewide Proposition 218 in 1996.

In compliance with the substantive and procedural requirements of *Article XIID*, the City initiated and conducted a property owner Validation Vote. At the conclusion of the Public Hearing on June 3, 1997, all property owner ballots returned were opened and tabulated and confirmed in resolution 97-24. The maximum assessment rate of \$82.50 per Equivalent Residential Dwelling Unit and \$26.25 per Non-Residential parcel was approved by the majority of property owners in the District. Any assessment rate levied that is less than the maximum assessment rate is considered an exempt assessment pursuant to *Article XIID Section 5(b)*. The proposed assessment for any fiscal year may be increased over the previous fiscal year provided the assessment rate does not exceed the maximum assessment rate of \$82.50 per Equivalent Residential Dwelling Unit and \$26.25 per Non-Residential parcel. Any proposed new or increased assessment that exceeds the current maximum assessment shall comply with all provisions of *Article XIID Section 4* including a property owner protest proceeding (property owner assessment balloting).

### Provisions of the 1972 Act (Improvements and Services)

As generally defined, the improvements and the associated assessments for any District formed pursuant to the 1972 Act may include one or any combination of the following:

- 1) The installation or planting of landscaping.
- 2) The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- 3) The installation or construction of public lighting facilities, including, but not limited to streetlights and traffic signals.

- 4) The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof; including but not limited to, grading, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- 5) The installation of park or recreational improvements including, but not limited to the following:
  - a) Land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks, and drainage.
  - b) Lights, playground equipment, play courts and public restrooms.
- 6) The maintenance or servicing, or both, of any of the foregoing including the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including, but not limited to:
  - a) Repair, removal, or replacement of all or any part of any improvements;
  - b) Grading, clearing, removal of debris, the installation, repair or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
  - c) Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury;
  - d) The removal of trimmings, rubbish, debris, and other solid waste;
  - e) The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.
  - f) Electric current or energy, gas, or other agent for the lighting or operation of any other improvements.
  - g) Water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.
- 7) The acquisition of land for park, recreational or open-space purposes, or the acquisition of any existing improvement otherwise authorized by the 1972 Act.
- 8) Incidental expenses associated with the improvements including, but not limited to:
  - a) The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
  - b) The costs of printing, advertising, and the publishing, posting and mailing of notices;
  - c) Compensation payable to the County for collection of assessments;
  - d) Compensation of any engineer or attorney employed to render services;
  - e) Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements; and,
  - f) Costs associated with any elections held for the approval of a new or increased assessment.

## //. DESCRIPTION OF THE DISTRICT & IMPROVEMENTS

---

The location, boundaries and specific improvements provided within the District are described in this section. The determination and calculation of special benefit is discussed in the Method of Apportionment and the corresponding expenses, revenues and assessments are summarized in the District Budget.

### A. The District

The boundary of the District is coterminous with the City limits. The City is located in the southwestern corner of Yolo County. The southern boundary of the City is Putah Creek. The City is bordered to the west by Dry Creek and a view of the Vaca Mountain Range. The eastern limit is Highway 505 while the northern boundary runs to vast tracts of farmland. The City is approximately 10 miles west of the City of Davis and 10 miles north of the City of Vacaville. Winters' urban limit line contains approximately 1,980 acres, of which 1,277 are currently within the incorporated limits.

The principle highways near the City are Interstate 505 and State Highway 128. I-505 forms the eastern boundary of the City limits and connects to Interstate 80 ten miles to the south and Interstate 5 twenty-three miles to the north. State Highway 128 passes directly through the City and is a major access route from Sacramento and Davis to Lake Berryessa and the Napa Valley.

### B. The Improvements

All improvements within the District are maintained and serviced on a regular basis. City staff will determine the frequency and specific maintenance operations required. The District assessments may fund all necessary utilities, operations, services, administration and maintenance costs associated with the improvements. The annual costs of providing the improvements within the District are spread among all benefiting parcels in proportion to the benefits received. The expenditures and assessments set forth in this report are based upon the City's estimate of the costs associated with the improvements including all labor, personnel, equipment, materials and administrative expenses.

The following is a brief description of the improvements to be maintained and operated:

1. City Park, Rotary Park, Valley Oak Park, Blue Oak Park (formerly Putah Creek Hamlet Park), Winters Highlands Park (upon dedication and construction), and the grounds of City Hall and the Community Center:

includes maintenance of sidewalks, curbs and gutters, walkways, trees, shrubs, groundcover, grass, irrigation system, park lighting, play equipment and structures, ball fields, fencing, restrooms, drinking fountains, benches, tables, drainage facilities, slopes, signs, parking lot and street frontage improvements, and other related improvements and facilities.

2. Street Lighting: street, park and trail lighting within the entire District.
3. Median Island Landscaping: public landscaping and irrigation improvements in the median islands within the District.
4. Curbside Landscaping: public landscaping and fencing, behind the curb on collector and arterial streets, where the street is not fronted by a residence or business.

### III. METHOD OF APPORTIONMENT

---

#### A. General

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

In addition, pursuant to the *Article XIID Section 4*, a parcel’s assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel and provides that only special benefits are assessable and the District must separate the general benefits from the special benefits.

#### PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2(d) defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2(i) defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4(a) defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each

identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the existing City-Wide Maintenance Assessment District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either “general benefit” (not assessed) or “special benefit”.

## **B. Benefit Analysis**

Each of the improvements and the associated costs have been carefully reviewed by the City and the corresponding assessments have been proportionately spread to each parcel based on special benefits received from the improvements.

**Special Benefits** — The method of apportionment (assessment methodology) is based on the premise that each of the assessed parcels within the District receives benefit from the improvements maintained and financed by annual assessments. Specifically, the assessments are for the maintenance of local street lighting and landscaped improvements. The desirability and security of properties within the District are enhanced by the presence of street lighting and well-maintained landscaping in close proximity to those properties.

The special benefits associated with the local landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties within the District providing a positive representation of the area.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, and dust and debris control.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels within the District by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on roads and highways.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

The assessments have been apportioned proportionate to the benefit received. Although the District contains a mixture of residential and non-residential uses, it is the belief of the City that residential properties benefit from all of the maintained improvements and commercial and other non-residential properties receive only benefits from street lighting. The improvements maintained serve to increase the quality of life in the community and therefore all residents benefit, without regard to lot size, occupancy, etc. The assessments are therefore apportioned equally to all residential dwelling units within the City. Commercial and other non-residential properties have been assessed an equivalent share of the cost of energy and maintenance of the street lighting system.

Properties owned by other agencies and City-owned lands were reviewed to establish benefit. The Winters Unified School District receives a proportional benefit and has entered into a Joint Use Facilities Agreement with the City, which offsets the benefits received by the School District through the equitable use of School facilities. Therefore the School District properties have been assigned a zero assessment.

In prior years there was an added assessment for bank stabilization for those parcels that receive direct benefit from the repair of said creek banks. Unused money for bank stabilization is held in reserve and there are no new or additional assessments for bank stabilization.

There has been a provision made by the City Council to allow for reimbursement of the assessment. This reimbursement is to be made to all property owners who can prove that they have paid the assessment and can show a household income that falls below the City Council approved minimums. It is estimated that approximately 5% of the assessed residential property owners would qualify for this reimbursement. Consequently, some refunds will be made that will result in a net reduction of revenues.

### **C. Assessment Methodology**

**Equivalent Benefit Units:** To assess benefits equitably, it is necessary to correlate the different type of parcels within the District to each other as well as their relationship to the improvements. The Equivalent Benefit Unit method of apportioning benefit is typically seen as the most appropriate and equitable assessment methodology for districts formed under the 1972 Act, as the benefit to each parcel from the improvements are typically apportioned as a function of land use type, size and development.

The Equivalent Benefit Unit method of assessment apportionment uses the single-family home site as the basic unit of assessment. A single-family home site equals one Equivalent Benefit Unit (EBU). Every other land use is typically converted to EBU's based on an assessment formula that equates the property's specific development status, type of development (land use), and size of the property, as compared to a single-family home site.

For the purposes of relating a single-family unit to other residential properties within the District, all residential units were considered as equivalent, i.e. single-family residences are equivalent to apartment units and other multi-family dwelling units. Commercial and other non-residential properties have been assessed per parcel.

The following formulas are used to calculate the annual assessments. The Balance to Levy represents the total amount to be collected through the annual assessments. The Levy per EBU (Assessment Rate) is the result of dividing the total Balance to Levy by the total District EBU. This Assessment Rate multiplied by each parcel's individual EBU determines each parcel's levy amount.

### Street Lighting & Administration

*Street Lighting & Administration Costs / Total EBU = Levy per EBU*

*Levy per EBU x Parcel's EBU = Parcel's Levy Amount-Lighting & Administration*

### Other Budget Items

*Remaining Costs / Residential EBU = Levy per Residential EBU*

*Levy per Residential EBU x Residential Parcel's EBU = Parcel's Levy Amount-Other*

A parcel's total levy amount is calculated by adding together the *Parcel's Levy Amount -Lighting and Administration* and the *Parcel's Levy Amount-Other*.

## IV. DISTRICT BUDGET

---

### A. Description of Budget Items

The following describes the services and costs that are funded through the District, shown in the District Budget, Section IV B.

#### DIRECT COSTS:

**Park Maintenance** — Includes general operation, maintenance, water, electrical costs, repairs, removals and replacements, spraying, trimming and treatments, debris and other related expenses.

**Street Lighting** — Includes all costs for removal, replace and/or repair of street/trail lights and appurtenant facilities, power and related costs, pole painting and other related expenses.

**Median Island Landscape Maintenance** — Includes maintenance, replacements, repairs of irrigation and landscaping, power costs, median curb repairs, trimming, spraying, treatments and other related expenses.

**Curbside Landscape Maintenance**— Includes maintenance, replacements, repairs of irrigation and landscaping, power costs, sidewalk replacement, trimming, spraying, treatments and other related expenses.

#### ADMINISTRATION COSTS:

**District Administration** — The cost to all particular departments and staff of the City for providing the coordination of District maintenance, operations and services of the District, response to public concerns and education, and procedures associated with the levy and collection of assessments. Also, the costs of contracting with professionals to provide any additional administrative, legal, or engineering services specific to the District.

**County Administration Fee** — The costs to the District for the County to collect assessments on the property tax bills.

#### LEVY BREAKDOWN:

**Reserve Collection/ (Transfer)** — The 1972 Act pursuant to *Chapter 1, Article 4 Section 22569 (a)*, provides for a District Reserve Fund. This Reserve Fund provides for the collection of funds to operate the District from the time period of July 1 (beginning of the Fiscal Year) through December 10<sup>th</sup> or when the County provides the City with the first installment of assessments collected from the property tax bills (typically January or February). Negative amounts shown for this budget item represent transfers from the Reserve Fund that reduces the Balance to Levy. Maintaining a fully funded Reserve eliminates the

need for the City to transfer funds from non-District accounts to pay for operational expenses during the first half of the fiscal year and also provides the District with sufficient funds to address any unforeseen or unusual expenditures that may occur during the year.

**Capital Improvement Fund Collection/(Transfer)** — The 1972 Act pursuant to *Chapter 5, beginning with Section 22660*, provides for the District to establish by resolution an assessment installment plan for proposed improvements and expenditures that are greater than can be conveniently raised from a single annual assessment. Depending on the nature of the planned improvements, the collection of funds necessary to complete the project may be collected over a period up to thirty years, but typically not more than five years. The funds collected shall be accumulated in a separate improvement fund commonly referred to as a Capital Improvement Fund (CIF) and are not considered part of the regular maintenance of the improvements or the Reserve Fund.

Because the money accumulated in the Capital Improvement Fund is for a specific planned project (budgeted separately), the amount shown for this item in the annual budget will typically be a positive number representing the amount being collected that year as part of the Balance to Levy. A negative number (Transfer) should only occur after the project has been completed and excess funds are being credited back to the District's regular accounts. The actual fund balances and expenditures for Capital Improvements are clearly identified under the Fund Balance Information section of the Budget.

Although the Budget shown in this Report contains CIF line items, a Capital Improvement Plan has not been established for this District.

**Contribution Replenishment** — This item represents repayments of amounts that had been temporarily advanced to the District from other revenue sources (usually the General Fund) or represents funds being loaned to the District for the current Fiscal Year that must be repaid by future assessments. Similar to the Reserve Collection/ (Transfer) line item, this item directly impacts the Reserve Fund Balances either positively or negatively.

Repayments are shown as a positive number and represent additional monies being collected in the current annual assessment to repay a prior loan. These loans are typically for capital improvement expenditures or unforeseen expenditures incurred in prior years and Reserve Fund monies were not sufficient to cover the expenses. To ensure the ongoing operation and maintenance of the improvements, the City may advance funds to the District as a temporary loan to meet current expenditures, and collect repayment of the loan through the annual assessments the following year or possibly over several years. Generally, all available Reserve Funds are exhausted before a temporary loan is advanced to the District and the Beginning Reserve Fund Balance will be a negative number indicating the loan amount still outstanding.

A loan for the current fiscal year (Contribution) is shown as a negative number. If the District is expected to incur significant expenditures in the current fiscal year for special services or capital improvements (upgrades or refurbishing of the improvements) and the proposed assessment revenues (annual assessments) and/or available Reserve Funds are not sufficient to cover the expenditures, the City may advance funds to the District as a temporary loan to meet the proposed expenditures. Generally, all available Reserve Funds must be exhausted before a temporary loan is advanced to the District and any funds temporarily loaned in excess of the available Reserve Funds will be reflected as a negative Ending Reserve Fund Balance. This negative Reserve Fund Balance will be repaid and replenished through future assessment revenues.

**Other Revenue Source/General Fund Contribution** — This item includes additional funds designated for the District that are not annual assessments. These funds are added to the District account to reduce assessments, and may be from non-District or District sources including City General Fund Contributions and/or interest earnings. Any funds indicated on this line will be shown as a negative number indicating a reduction in the amount to be levied and represent funds that do not have to be repaid.

**Balance to Levy** — This is the total amount to be collected for the current fiscal year through the annual assessments (for special benefits). The Balance to Levy represents the sum of Total Direct and Administration Costs, Reserve Fund Contributions or Transfers, Contributions from Other Revenue Source, and the Contribution Replenishment. Only those costs related to the improvements identified as special benefits are levied and collected on the tax roll.

## APPENDIX A - DISTRICT BOUNDARY MAPS

---

The boundary map for the District has been previously approved and submitted to the City in the format required by the 1972 Act. The map is on file in the Office of the City Clerk and by reference made part of this Report.

The boundary for the District is contiguous with the boundary of the City and defined as the corresponding parcels identified on the Yolo County Assessor's Map. The parcel identification, lines, and dimensions of each parcel within the District are those lines and dimensions shown on the Yolo County Assessor's Map for the year in which this Report was prepared and by reference are incorporated and made part of this Report.

## APPENDIX B — 2020/2021 ASSESSMENT ROLL

---

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Yolo County Assessor's map for the year in which this Report is prepared.

A listing of parcels assessed within this District, along with the assessment amounts, is included on the following pages. If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

Non-assessable lots or parcels include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed or has specific development restrictions. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

CITY COUNCIL  
STAFF REPORT

TO: Honorable Mayor and Councilmembers  
DATE: June 2, 2020  
THROUGH: John W. Donlevy, Jr., City Manager  
FROM: Shelly A. Gunby, Director of Financial Management  
SUBJECT: Budget Workshop

**RECOMMENDATION:**

Staff recommends the City Council hold a workshop to discuss the development of the budget for the Fiscal Year 2020-2021 provide input and direction to staff so that the budget can be completed and presented for adoption on June 16, 2020.

**BACKGROUND:**

The City of Winters is required to adopt a budget for July 1, 2020 through June 30, 2021 prior to July 1, 2020. Staff has been working with consultants, the League of California Cities and various professional organizations to gain as much information about the impact of the Covid-19 pandemic, the stay at home order issued by the State of California and the resulting economic impact of having businesses shuttered for almost 3 month.

Because labor costs are the largest part of our general fund budget, management has met with all employee groups and requested all groups agree to the following concessions:

1. Agree to reduce base pay to per the salary schedule effective June 2019, essentially asked to agree to a 5% pay-cut
2. Agree to freeze wages at the June 2019 salary schedule, therefore foregoing the previously agreed upon 2.5% pay increase effective July 1, 2020.
3. Agree to freeze all merit increases for the fiscal year 20-21.
4. Agree to meet with management in February 2021 to review the financial situation of the city and determine any changes in pay structure that may be required or that may be returned to the employees.

At this point, all employee groups have returned counteroffers to the City for meeting the reduction in employee cost necessary to help the city balance the 20-21 budget. Management is working on reviewing all the counter proposals, however, at this point, management is confident that we can come to agreements with each group that will avoid laying off any employees.

Staff will present a power point presentation that will include the following topics for discussion:

1. Discussion of the revenue sources for the General Fund, how they were arrived at and potential vulnerabilities.
2. Discussion of the impact of the reduced revenues on the services the city can provide to the citizens of the City of Winters during the budget year.
3. Expenditure reductions other than those requested from employees.
4. Brief discussion on what the city can expect in the next 3-5 years, based on information from consultants, the League of California Cities, and other professional groups.

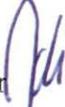

**FISCAL IMPACT:**

None by this action

**ATTACHMENTS**

**CITY COUNCIL  
STAFF REPORT**

**TO:** Honorable Mayor and Council Members  
**DATE:** June 2, 2020  
**THROUGH:** John W. Donlevy, Jr., City Manager   
**FROM:** Ethan Walsh, City Attorney  
Tracy S. Jensen, City Clerk  
**SUBJECT:** Acceptance of Certificate of Sufficiency for the Initiative Petition Amending the City of Winters General Plan to Establish an Urban Growth Boundary and Request for Further Direction from City Council Pursuant to Elections Code 9215

---

**RECOMMENDATION:**

Staff recommends the City Council (1) receive, file and accept the Certificate of Sufficiency of Initiative Petition and (2) either (a) Direct Staff to return within ten (10) days of this regular meeting so that the City Council can adopt the Initiative Measure without alteration; (b) adopt the attached resolution placing the Initiative Measure on the ballot for the next scheduled municipal election in March 2022; or, (c) direct City staff to prepare a report analyzing the impact of the proposed Initiative Measure, and return to the City for consideration of the Measure within thirty (30) days.

**BACKGROUND:**

On April 29, 2020, proponents of an initiative measure that would amend the City's General Plan to establish an Urban Growth Boundary (the "Initiative Measure") filed a signed petition containing 817 signatures with the City Clerk's office. In compliance with the Elections Code, the City Clerk transmitted the signed petition to the Yolo County Registrar of Voters to determine whether the petition contained a sufficient number of valid signatures. The Registrar of Voters provided a verification certificate to the City Clerk on May 19, 2020. According to the County's voter registration records, the City has 3,942 registered voters. In order to qualify for the ballot, the petition must be signed by 10% of the City's registered voters, or not less than 395 registered voters. The Registrar of Voters verified 500 signatures, determined that 422 were sufficient, 77 were insufficient (1 was insufficient due to duplication), and did not verify the remaining 317 since the 395 signature threshold had already been reached. Therefore, the Initiative Measure has obtained the required signatures to qualify for the ballot. The remainder of this report will provide the City Council with its options under the California Elections Code and requests direction to staff.

## DISCUSSION:

### 1. The Initiative Measure

The proposed Initiative Measure, if adopted, would amend the City of Winters General Plan ("General Plan") to establish an Urban Growth Boundary ("UGB") with boundaries that are contiguous with the current City limits. With the exception of an incorporated island of City land to the northwest of the City (the City's Wastewater Treatment Facility), this Measure changes the land use designation for lands outside the UGB that were designated as of March 4, 2020 to "Open Space." Development of lands outside the UGB would be restricted to the following uses:

- (1) public parks, public educational facilities (such as public schools and public colleges), and public wastewater, sewer, storm drain, and water recycling facilities;
- (2) agricultural and other open space uses consistent with both (1) the General Plan's "Open Space" land use designation and (2) the definition of "open-space lands" in the State Planning and Zoning law.

If adopted, the Measure provides that it could not be amended or repealed until November 3, 2050 without voter approval unless the proposed change qualifies as one of certain limited exceptions that the Winters City Council may approve. These limited exceptions allow the City Council to: make the UGB smaller; redesignate land uses outside the UGB consistent with the restrictions described above; amend the UGB where necessary to comply with state or federal housing laws when the City Council makes specified findings based on substantial evidence; reorganize or renumber General Plan provisions; and amend the UGB in order to prevent an unconstitutional taking of private property.

The measure further authorizes and directs the City to amend all ordinances, maps, plans and policies as soon as possible to be consistent with the measure. The City Council may take such action after a duly noticed public hearing.

### 2. Process for Consideration of the Initiative Measure

Since the Initiative Measure has received the required number of signatures, the City Council's options under the Elections Code section 9215 are as follows:

1. Adopt the Initiative Measure, without alteration, at this regular meeting, or within ten (10) days after this meeting.
2. Submit the Measure, without alteration, to the voters at the next regular municipal election occurring at least 88 days later. The next regular municipal election for the City occurring at least 88 days later is on March 8, 2022.
3. Direct staff to prepare an impartial and informational report analyzing the impact of the Measure. The report may include any or all of the following:
  - (1) Its fiscal impact.
  - (2) Its effect on the internal consistency of the City's general and specific plans.

including the housing element, the consistency between planning and zoning, and the limitations on City actions under Section 65008 of the Government Code and Chapters 4.2 (commencing with Section 65913) and 4.3 (commencing with Section 65915) of Division 1 of Title 7 of the Government Code.

- (3) Its effect on the use of land, the impact on the availability and location of housing, and the ability of the City to meet its regional housing needs.
- (4) Its impact on funding for infrastructure of all types, including, but not limited to, transportation, schools, parks, and open space. The report may also discuss whether the measure would be likely to result in increased infrastructure costs or savings, including the costs of infrastructure maintenance, to current residents and businesses.
- (5) Its impact on the community's ability to attract and retain business and employment.
- (6) Its impact on the uses of vacant parcels of land.
- (7) Its impact on agricultural lands, open space, traffic congestion, existing business districts, and developed areas designated for revitalization.
- (8) Any other matters the City Council requests to be in the report. (Elections Code, § 9212.)

If the Council directs Staff to prepare an impact report, Staff must present the report not later than thirty (30) days after it is ordered by the City Council. If Council chooses this option, at the time the report is presented Council will be required to either adopt the Initiative Measure without alteration within ten (10) days or place the Initiative Measure on the ballot. (Elections Code, § 9215.)

The Elections Code offers the Council the option of calling a special election for consideration of a ballot measure, rather than considering the ballot measure at the City's next general election. However, the special election may only be held not less than 88 days nor more than 103 days from the date the election is called. (Elections Code, § 1405(b).) In this instance, if the City Council decides to place the Initiative Measure on the ballot, it is required to call the election either at this meeting, on June 2, 2020, or on the date it receives the impact report, within the 30 days (i.e., no later than July 2, 2020). (Elections Code § 9211, 9114, 9215.) These are mandatory dates. However, in order for the City Council to call for an election to be held in conjunction with the November 3, 2020 presidential election, the City Council would have to call for that election between July 23, 2020 and August 7, 2020. The City Council cannot delay its call for an election on the Initiative Measure to fall within that window of time and still comply with its obligations for consideration of local initiative petitions under the Elections Code. Therefore it is not possible to hold a special election for this Initiative Measure on November 3, 2020 and still comply with the requirements of the Elections Code.

I informed the Initiative proponent's attorneys of my interpretation of the Election Code as applied to this issue via email on May 26, and asked them to let me know if they had a different interpretation of the relevant statutes. I discussed this issue with their attorney on May 27, and he argued that while my reading of the statutes was technically accurate, the current language resulted from the adoption of AB 765 in 2017, and the intent of that bill was not to prevent cities from calling special elections in a situation like this. While that may be the case, when interpreting statutes, courts have always held that you look first to the plain language of the statute, and only turn to legislative intent if that language is ambiguous. The language in Elections Code section 1405(b) is

not ambiguous at all—it states that a special election must be held between 88 and 103 days of the calling of the election. Therefore, I do not think that Elections Code section 1405(b) allows this election to be held on November 3, 2020, regardless of the Legislature’s intent in AB 765. I did invite the proponent’s attorney to provide me a letter explaining their position in more detail, and assured him I would provide it to the Council so that you would have the benefit of their interpretation. As of the writing of this report, I have not received that letter, but when and if it comes, I will pass it along to the Council for consideration.

The Council could, in theory, hold a special election separate and apart from the November presidential election in September or October 2020, depending on the date that the City orders the Initiative Measure to be considered at a special election. (Elections Code, § 1003.) However, the City would have to absorb the full cost of conducting that election, and it would be extremely confusing to hold a separate one-item election 1-2 months prior to the presidential election. There is also the possibility that the County would decline to assist the City in conducting this election since they will be preparing to conduct the presidential election during that time. As a result, if the City Council decides to put the Initiative Measure on the ballot, City staff strongly recommends that it be placed on the March 8, 2022 general municipal election.

**ALTERNATIVES:**

The Council has the option to (1) adopt the Initiative Measure without alteration within 10 days of this meeting; (2) direct staff to prepare an impact report as described above and return to the Council within 30 days, or (3) place the Initiative Measure on the March 8, 2022 ballot.

If the Council desires to adopt the Initiative Measure, we would recommend that the Council continue this meeting to a date certain within ten days of this meeting, and adopt the measure at that meeting. That will give City staff sufficient time to prepare the necessary documentation for adoption. Further, if the Council directs City staff to prepare the impact report, City staff requests that the Council schedule a special meeting in late June to consider the report. The only regular Council meeting to be held prior to the thirty day deadline is on June 16, 2020, which would not give City staff sufficient time to prepare an adequate report.

**FISCAL IMPACT:**

There would be no immediate cost associated with adopting the measure, though City staff cannot determine the potential fiscal impact of the Initiative Measure itself without preparing the impact report. County election officials have informed the City that the rough cost of placing a measure on the ballot would be \$11,700, though that is only an estimate, and that cost could change between now and the 2022 election based on a variety of factors.

Resolution Placing Initiative Measure on the March 8, 2022 Regular Municipal  
Election Ballot

## Initiative Measure to be Submitted Directly to the Voters

The City Attorney has prepared the following title and summary of the chief purpose and points of the proposed measure, pursuant to California Elections Code section 9203. The title and summary must be printed across the top of each page of the petition whereon signatures are to appear as required by California Elections Code section 9203.

### **BALLOT TITLE:**

Initiative Measure Amending the City of Winters General Plan to Establish an Urban Growth Boundary and, Through November 3 2050, to Prohibit Urban Development Outside of That Boundary, Subject to Certain Exceptions.

### **BALLOT SUMMARY**

If adopted, the Measure would amend the City of Winters General Plan ("General Plan") to establish an Urban Growth Boundary ("UGB") with boundaries that are contiguous with the current City limits. With the exception of an incorporated island of City land to the northwest of the City, this Measure changes the land use designation for lands outside the UGB that were designated as of March 4, 2020 to "Open Space." Development of lands outside the UGB would be restricted to the following uses:

- (1) public parks, public educational facilities (such as public schools and public colleges), and public wastewater, sewer, storm drain, and water recycling facilities;
- (2) agricultural and other open space uses consistent with both (1) the General Plan's "Open Space" land use designation and (2) the definition of "open-space lands" in the State Planning and Zoning law.

If adopted, the Measure provides that it could not be amended or repealed until November 3, 2050 without voter approval unless the proposed change qualifies as one of certain limited exceptions that the Winters City Council may approve. These limited exceptions allow the City Council to: make the UGB smaller; redesignate land uses outside the UGB consistent with the restrictions described above; amend the UGB where necessary to comply with state or federal housing laws when the City Council makes specified findings based on substantial evidence; reorganize or renumber General Plan provisions; and amend the UGB in order to prevent an unconstitutional taking of private property.

The measure further authorizes and directs the City to amend all ordinances, maps, plans and policies as soon as possible to be consistent with the measure. The City Council may take such action after a duly noticed public hearing.

/s/ Ethan Walsh, City Attorney  
March 18, 2020

RESOLUTION NO. 2020-28

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WINTERS CALLING FOR THE HOLDING OF A GENERAL MUNICIPAL ELECTION ON TUESDAY, MARCH 8, 2022, FOR THE SUBMISSION OF A PROPOSED MEASURE AMENDING THE CITY OF WINTERS GENERAL PLAN, REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF YOLO TO CONSOLIDATE SAID ELECTION PURSUANT TO SECTION 10403 OF THE CALIFORNIA ELECTIONS CODE AND SETTING RULES FOR ARGUMENTS AND REBUTTALS FOR AND AGAINST SAID MEASURE

**WHEREAS**, pursuant to authority provided by statute, a petition has been filed with the City Council of the City of Winters, signed by more than ten percent (10%) of the number of registered voters of the City, to submit to the qualified electors a proposed measure amending the City of Winters General Plan to establish an Urban Growth Boundary and, Through November 3 2050, to prohibit urban development outside of that boundary, subject to certain exceptions; and

**WHEREAS**, the City Clerk/Elections Official examined the records of registration and ascertained that, pursuant to California Elections Code Section 9215, the petition is signed by the requisite number of voters, and has so certified; and

**WHEREAS**, the City Council has not voted in favor of the adoption of the measure; and

**WHEREAS**, the City Council is therefore authorized and directed by statute to submit the proposed measure to the voters; and

**WHEREAS**, the City Council desires to place the measure on the ballot for the March 8, 2022 General Municipal Election; and

**WHEREAS**, the City Council also desires to request that the election for this measure be consolidated with the Statewide Primary Election also to be held on March 8, 2022; and

**WHEREAS**, pursuant to California Elections Code Section 9285 and 9286, the City Council further desires to establish rules and regulations for the preparation, submittal and printing of arguments and rebuttals for and against the measure described herein; and

**WHEREAS**, the specific terms of the measure/General Plan amendment are attached hereto as Exhibit "A" and by this reference made an operative part hereof.

**NOW THEREFORE, BE IT RESOLVED**, by the City Council of the City of Winters as follows:

**SECTION 1.** That pursuant to the requirements of California Elections Code Section 9215 any other applicable requirements of the laws of the State of California relating to general law cities, there is called and ordered to be held in the City of Winters on Tuesday,

March 8, 2018, a General Municipal Election for the purpose of submitting the following proposed measure/General Plan amendment:

Shall an initiative ordinance amending the City of Winters General Plan to establish an Urban Growth Boundary, and through November 3 2050 to prohibit urban development outside of that boundary, subject to certain exceptions, be adopted?	Yes
	No

**SECTION 2.** That the text of the measure submitted to the voters attached hereto as Exhibit A is hereby submitted to the voters; and

**SECTION 3.** That pursuant to the requirements of Section 10403 of the Elections Code, the Board of Supervisors of the County of Yolo is hereby requested to consent and agree to the consolidation of said election with the Statewide Primary Election on Tuesday, March 8, 2022; and

**SECTION 4.** That the Registrar of Voters is authorized to canvass the returns of the General Municipal Election. The election shall be held in all respects as if there were only one election and only one form of ballot shall be used; and

**SECTION 5.** That the City of Winters recognizes that additional costs will be incurred by the County by reason of this consolidation and agrees to reimburse the County for any costs; and

**SECTION 6.** That the City Clerk is authorized, instructed and directed to coordinate with the County of Yolo Registrar of Voters to procure and furnish any and all official ballots, notices, printed matter, and all supplies, equipment and paraphernalia that may be necessary in order to properly and lawfully conduct the election; and

**SECTION 7.** That the ballots to be used at the election shall be in form and content as required by law. Voters shall vote yes or no; and

**SECTION 9.** That the consolidated election shall be held and conducted in the manner prescribed in Section 10418 of the Elections Code of the State of California; and

**SECTION 10.** That the City Clerk is hereby directed to file a certified copy of this resolution with the Board of Supervisors and the Registrar of Voters of the County of Yolo.

**SECTION 11.** Direct Arguments and Impartial Analysis.

A. Direct Arguments in favor of or against the measure shall be prepared and filed with the City Clerk in accordance with Article 4, Chapter 3, Division 9 of the Elections Code of the State of California and any other applicable provisions of law.

B. Pursuant to Section 9280 of the Elections Code, the City Council directs the City Clerk to transmit a copy of the measure to the City Attorney. The City Attorney shall prepare an impartial analysis of the measure, not to exceed 500 words in length, showing the

effect of the measure on the existing law and the operation of the measure. The City Attorney shall transmit such impartial analysis to the City Clerk, who shall cause the analysis to be published in the voter information guide along with the ballot measure as provided by law. The impartial analysis shall be filed by the deadline set for filing of direct arguments. The impartial analysis shall include a statement indicating whether the measure was placed on the ballot by a petition signed by the requisite number of voters or by the City Council. In the event the entire text of the measure is not printed on the ballot, nor in the voter information guide of the sample ballot, there shall be printed immediately below the impartial analysis, in no less than 10-font bold type, the following: **“The above statement is an impartial analysis of Measure \_\_\_\_\_. If you desire a copy of the measure, please call the election official’s office at \_\_\_\_\_ and a copy will be mailed at no cost to you.”**

**SECTION 12.** Rebuttals. Pursuant to Section 9285 of the Elections Code of the State of California, when the City Clerk has selected the direct arguments for and against the measure which will be printed and distributed to the voters, the City Clerk shall send copies of the direct argument in favor of the measure to the authors of the direct argument against, and copies of the direct argument against to the authors of the direct argument in favor. The authors or persons designated by them may prepare and submit rebuttal arguments not exceeding 250 words. Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow the direct argument which it seeks to rebut.

**SECTION 13.** That in all particulars not recited in this Resolution, the election shall be held and conducted as provided by law for holding municipal elections in the City.

**SECTION 14.** This resolution shall take effect immediately upon its adoption.

**I HEREBY CERTIFY** that the foregoing is a true and correct copy of a Resolution passed and adopted by the City Council of the City of Winters at a meeting thereof on the \_\_\_\_ day of \_\_\_\_, 2020 by the following vote:

AYES:  
NOES:  
ABSENT:  
ABSTAIN:

\_\_\_\_\_  
Wade Cowan, Mayor

Attest:

\_\_\_\_\_  
Tracy S. Jensen, City Clerk

Re: Winters Urban Growth Boundary Initiative

Dear Ethan:

I am writing on behalf of the proponents of the Winters Urban Growth Boundary (UGB) Initiative. At its June 2nd meeting, the Council will consider next steps regarding this initiative measure, which seeks to foster economic growth in the City's downtown and protect agricultural lands outside the UGB. The initiative received overwhelming number of valid petition signatures despite the COVID pandemic thanks to dedicated volunteers who seek to make Winters the best town to live, play, work, and raise families.

The Elections Code provides the City Council with three options for next steps: (1) adopt the measure outright; (2) place the measure on the ballot; or (3) order a report on the effects of the measure (9212 report) to be completed within 30 days, after which the City Council must take one of the first two options. As you know, our clients support Option 1 and will urge the Council to adopt the measure outright to ensure that the growth is focused within city limits.

Under Option 2, the Council has the authority to either: (1) call a special election to be consolidated with the November 3, 2020, presidential election; or (2) place the measure on the ballot at the City's "next regular election," which we understand you interpret the City's Municipal Code to mean the statewide direct primary election in 2022. Critically, the upcoming November 3 election would achieve the greatest voter turnout, at the lowest possible cost to the City, and with the least possible delay.

Ethan Walsh, City Attorney

Page 2

Other than adopting the initiative outright, placing the initiative on the November ballot is also the option that would allow the Council to best respect the will of the 814 City voters who signed the initiative petition. We and our clients will address this issue in greater detail in a separate letter to the City Council and at the June 2nd City Council meeting.

For now, I will simply note that the UGB initiative received more total signatures than the number of votes that elected Mayor Cowan and two other Council Members to the City Council in the June 2018 election. Had it not been for the severe obstacles to signature-gathering imposed by state and local shelter-in-place rules, the initiative proponents would have easily gathered signatures from a majority of Winters' voters, which I understand is more votes than any Winters City Council candidate has ever garnered. In this regard, I also note that our clients were one of only a handful of initiative proponents in the entire State that managed to qualify an initiative during the shelter-in-place restrictions. Under our system of government, the Council's legislative power derives from the City's voters, and we urge the Council to respect that power by choosing the option that ensures the maximum number of City voters will have the opportunity to express their will on the important issues addressed by the initiative at the earliest opportunity.

The remainder of this letter addresses the legal issue of the Council's authority to place the initiative on the November ballot. In our telephone conversation yesterday, you indicated your view that the Council did not have that power. We disagree, and we urge you to reconsider your position.

As we discussed, the Legislature amended the governing provisions of the Elections Code in 2017 to prevent initiative proponents from forcing cash-strapped cities to place initiatives on costly "stand-alone" special election dates that were both extremely expensive—typically at least 10 times or more the cost of placing initiatives on "established election dates" such as the November ballot—and subject to extremely low voter turnout. In the preceding years, financially powerful developers had increasingly been employing this tactic—through the use of paid signature gatherers—in a manner that many viewed to be anti-democratic. Ian Lovett, "Builders Pierce California's Environmental Shield with New Weapon: The Ballot," *New York Times* (6/7/16).

Specifically, Assembly Bill 765 (AB 765) amended the Elections Code to address this problem and prevent initiative proponents from "forcing" these expensive "stand-alone" special elections. The repeatedly stated purposes of the bill were to save cities money and increase voter turnout by instead directing initiatives to be held at an

already scheduled “established election date.” (Senate Floor Analyses, 06/22/17; Senate Elections and Constitutional Amendments, 6/16/17.).

According to the bill’s author:

Under existing law, the proponents of local initiative measures have the ability to force local governments to hold a special election on their initiative. These special elections are costly, and frequently result in lower and less representative voter participation. Earlier this year, the Campbell City Council was forced to schedule a citywide special election – at an estimated cost of \$570,000 – to vote on a local initiative measure that the proponents failed to qualify *in time* for last November’s ballot.

Assembly Floor Analysis, 5/17/17 (emphasis added). The bill was supported by Common Cause, which likewise sought to avoid expensive standalone special elections that could not be consolidated with other local or state elections.

At the same time, the Legislature made clear that it sought to preserve the flexibility of city councils to exercise the option of placing initiatives on the ballot at established election dates for which the initiative *had qualified in time*, as is the case here. See Committee on Elections and Redistricting Analysis, 5/10/17.

Unfortunately, AB 765 introduced an ambiguity into the law on this issue by deleting the provisions of former Elections Code section 1405(a) that had long expressly authorized city councils to consolidate a special election with any established election date occurring within the following 6 months.<sup>1</sup> The legislative history makes clear that this ambiguity was inadvertently introduced by committee staff who were trying to *preserve*—and in fact incentivize the use of—cities’ option to consolidate elections in situations exactly like the situation here.

As introduced, AB 765 authorized local jurisdictions to call a special election to be held not less than 88 days after the date of the order of the election.

---

<sup>1</sup> Specifically, former Elections Code section 1405(a)(1) provided as follows: “(1) When it is legally possible to hold a special election on an initiative measure that has qualified pursuant to Section 9116, 9214, or 9310 within 180 days prior to a regular or special election occurring wholly or partially within the same territory, *the election on the initiative measure may be held on the same date as, and be consolidated with, that regular or special election.*” See 85 Ops.Cal.Atty.Gen 151 (2002) (discussing these requirements).

Ethan Walsh, City Attorney  
May 28, 2020  
Page 4

(Committee on Elections and Redistricting, 5/10/17.) Committee staff noted that the original language could result in *unreasonably delayed special elections* and would reduce incentives to consolidate elections:

This bill gives local jurisdictions broad flexibility to set the date of the special election, *however, a concern has been raised that it may lessen the degree to which the law encourages consolidations with regularly scheduled elections*. Furthermore, under existing law, if a local jurisdiction is required to call a standalone special election to vote on a local initiative measure, that standalone special election must occur no later than 103 days after the date of the order of the election, *thereby ensuring that the measure is considered by voters relatively quickly*. Under this bill, a local jurisdiction could call a standalone special election to vote on a local initiative measure *but still delay on holding that election* for a significant period of time.

In order to address these issues, committee staff recommends that this bill be amended to provide that if a local jurisdiction chooses to call a special election to vote on a local initiative measure, that election shall be held not less than 88 nor more than 103 days after the date of the order of the election. *This timeline is generally consistent with the timeline for a special election to be held for a local initiative measure under existing law.*

*Id.*

As noted above, and as the Attorney General has explained, an important feature of existing law at that time was Elections Code section 1405(a)(1). This section provided that when this 88 to 103 day window fell within six months before the November election, the city council could consolidate the special election with the November election. Thus, the insertion of the 103-day outer limit was intended to allow for consolidation with the next regularly scheduled election, in this case the November 3, 2020 election.

In eliminating the ability of initiative proponents to force a stand-alone election (which was the avowed purpose of AB 765), the Legislature also deleted section 1405(a)(1). I understand you believe that the insertion of the 103-day limit in AB 765 effectively means that, if the City Council exercised its option to call a special election in this case, that election would have to be held sometime between September 28 and

Ethan Walsh, City Attorney  
May 28, 2020  
Page 5

October 13, 2020.<sup>2</sup> The only other option, you have indicated, is for the City Council *to* delay voters' consideration of the initiative until the spring for 2022. In our view, such a reading is contrary to the express legislative intent to preserve cities' ability to consolidate elections, save costs, *and avoid delay*.

Moreover, such a reading would lead to absurd results where—as in this case—the City Council clearly has the option of scheduling a special election on the initiative just weeks before the established presidential election date. Even where the legislative intent is not clear, courts have repeatedly held that legislation must be interpreted to avoid such absurd results. *See, e.g., Tuolumne Jobs & Small Business Alliance v. Superior Court* (2014) 59 Cal.4th 1029, 1037 (“Interpretations that lead to absurd results ... are to be avoided.”); *id.* (avoiding such an absurd result by interpreting Elections Code section 9212 to authorize city councils to directly adopt a qualified initiative measure at the earliest possible time and without complying with CEQA).

That directive applies even more clearly here for two reasons. First, local officials and courts alike have the constitutional duty to interpret and implement the initiative power in a manner that best effectuates the will of the voters. *See, e.g. Independent Energy Producers Assn. v. McPherson* (2006) 38 Cal.4th 1020, 1032 (emphasizing that the Constitution’s initiative should be liberally construed to maintain maximum power in the people and that “[a]ny doubts should be resolved in favor of the exercise of these rights”); *DeVita v. County of Napa* (1995) 9 Cal.4th 763, 777 (applying this rule to uphold an initiative drafted by our firm that is similar to the Winters’ UGB).

Second, the legislative history makes clear that the Legislature never intended to disrupt the Election Code’s requirement that special elections could be held on one of the established election dates or on the date of any statewide special election. *See* Election Code Section 1400 (“Each special election *shall* be held on one of the established elections dates set by this division ... except as provided in Section 1003.”) (emphasis added); *see also Tuolumne Jobs*, 59 Cal.4th at 1040 (relying on legislative history to conclude that “application of CEQA to voter initiatives is contrary to legislative intent”).

Indeed, the central purpose of AB 765 was to direct initiative measures to be decided without delay at already scheduled “established election dates,” where voter turnout is high. The November presidential election date is not only one of these “established election dates” (*see* Elec. Code section 1000(c)), but also the single election date in each four-year cycle that typically has the highest voter turnout. In short, AB 765

---

<sup>2</sup> This is the period coinciding with 88 to 103 days after July 2, 2020.

Ethan Walsh, City Attorney  
May 28, 2020  
Page 6

did not seek to remove city councils' flexibility in scheduling or consolidating elections on the established November election dates; it sought to increase and preserve that flexibility.

We recognize that Elections Code section 1003 has long exempted local initiative measures from section 1400's express requirement that all special elections *must* occur on established election dates. This exemption made sense when, prior to AB 765, former Elections Code 1405 expressly permitted an extension of the 88-103 day window in order to hold the special election on the same date as, and to be consolidated with, a statewide general election. But it would be absurd to read the statutory scheme as amended by AB 765 to prohibit consolidation with statewide general elections where such consolidation would *decrease* cost, *increase* voter turnout, and not unreasonably delay the special election.

Voters deserve to have their voice heard this November, when voter turnout will be at its highest. Local residents, faced with mounting development pressures that would convert agricultural land and detract from small downtown businesses, worked tirelessly to qualify this measure for the ballot. The Winters UGB Initiative is one of only a handful of local initiative measures in the entire State of California that qualified for the ballot during the shelter-in-place restrictions imposed by the COVID pandemic. Winters residents deserve to have this matter decided this year, at the November 2020 election.

Thank you for your attention to this matter and to your dedicated public service, especially during this challenging time. Please do not hesitate to contact me if you have any questions.

Very truly yours,

SHUTE, MIHALY & WEINBERGER LLP
