Discussion of Climate Action Commission mandate:

Suggestions:

- 5 or 7 people
- Categories of folks to make a good commission: scientist/engineer, farmworker, businessperson, student, elderly, someone with grant writing experience
- Selection should be by application, and the opportunity should be broadly disseminated, bilingually
- Possibly useful liasons: Creek Committee, HAC, Planning Commission, City Council
- Integration with Design Review Committee should be tight

Work:

- Keep abreast of legislation
- Suggest/pursue funding opportunities
- Review all city plans for climate implications, suggest improvements
