Winters is my home and community. I am committed to ensuring that our city thrives. I am a longtime resident of Winters. I raised my family here. I have volunteered for many city and community organizations. I served on the Street Tree Commission, Planning Commission, and the Affordable Housing Steering Committee. I coached soccer and Little League and volunteered for the Winters Friends of the Library. I am currently a member of the Hispanic Advisory Committee and the board of Winters Community Corazon. Through my volunteer work I direct my efforts towards benefiting the whole community.

My volunteer experience and professional experience, as a retired design and construction professional with a B.S. in Environmental Design from U.C. Davis, and a M.Arch from MIT, provides me with the ability to approach problem solving with vision and pragmatism. The residents of Winters are diverse in their needs and concerns, but I believe our shared willingness to work together to improve our city is our greatest asset. As your city council member, I intend to tackle the problems that face our city in the areas of affordable housing, climate change, water, and business development and provide you with a voice in our community.
